## 75 Cops Battle Rock N' Roll Rioters

### . . . WILDEST DANCE IN SAN JOSE HISTORY

SAN JOSE, Calif (AP)—Some 2,500 teen-agers at a rock and roll dance staged a riot early Sunday that lasted an hour before a force of 75 officers got it under control.

Ten were arrested. Scores were injured slightly with bottle cuts, scratches and bruises.

Fats Domino and his band, favorites of the rock and roll set, fled when the free-for-all brawl started about midnight at the Palomar Gardens near the heart of the downtown district.

**Girls Slugging**

"Everybody was at each other," said Charles Silvia, owner of the Palomar. "Boys fought boys, and even girls. Girls were slugging boys and scratching one another."

Silvia said the fighting started after someone hurled a beer bottle into rock and roll dancers on the floor. The hour of violence that followed was "the wildest dance riot in the history of our city," said Police Chief Ray Blackmore.

Some 500 to 1,000 bottles were smashed, chairs and tables broken and the railing on the bandstand torn down.

**The Injured**

Two policemen later were treated at an emergency aid station. One had been kicked in the face and another hit in the neck with a bottle. Eleven customers were treated and one hospitalized with a possible skull injury.

Chief Blackmore said that relatively few teen-agers were arrested.

Silvia estimated damage roughly at $3,000.

## Former Lincolnite Killed By Car While On Guard Duty

Funeral services will be held in Lincoln for James Turner Googe Jr., 32, of Fort Defiance, Ariz., who was killed in an automobile accident near the New Mexico-Arizona border Saturday.

Mr. Googe

He was the son of Dr. and Mrs. James Googe of Lincoln. Dr. Googe is director of public health for the Lincoln - Lancaster County Health Department.

Googe was on duty as a sergeant in the National Guard and was manning a roadblock set up to help prevent highway deaths when a car failed to stop and struck him. He died a short time after the accident occurred.

He was struck when he tried to flag down the car at a port-of-entry station at Fort Defiance, Ariz.

The car was driven by Alex Ginther, 53, of Wheatridge, Colo. Googe was one of many New Mexico guardsmen on weekend patrol of state highways.

New Mexico patrol authorities said Ginther did not stop after the accident but was arrested a short time later and jailed at Gallup, N. M. He claimed his brakes failed, but State Police Captain R. L. Scroggins said he checked the death car and found the brakes in "working order."

Ginther was charged with negligent homicide Sunday night in Gallup.

Ginther was taken before the justice of the peace Sunday night and requested a preliminary hearing. The date for his hearing was set for July 23, and bond was set at $500. He is in the McKinley County jail at Gallup while arrangements are being made for posting of bond.

**Accident 'Unexplainable'**

Witnesses said Googe was handing out safety literature at the port-of-entry roadblock when Ginther's car swung around three stopped vehicles. They said Googe tried to escape to a ditch but was caught by the right front fender and carried 90 feet.

State Police Chief Joe Roach said the accident was "unexplainable . . . the sun was shining, the road was straight, and reports made to me indicate it was not a case of overdriving."

New Mexico Gov. John Simms, who has recently ordered the National Guard out to combat the growing death toll, called Googe's death "most regrettable."

**LHS Graduate**

Googe lived in Lincoln from 1938 until his graduation from Lincoln High School in 1943. He was a graduate of Denver University, with an M.A. in hospital administration. He served three years in the U. S. Army.

At the time of his death he was hospital administrator at the Navaho Indian Reservation Hospital at Fort Defiance, Ariz.

Surviving beside his parents are his wife, Mary Ruth; three daughters, Sarah, Lee and Laura, all at home; and two sisters, Dr. Mary Googe, Salt Lake City, Utah, and Mrs. Willard Rosine, Sioux Falls, S. D.

## Congressmen Inspect Scene Of Air Crash

GRAND CANYON, Ariz. (AP) — Five members of the House Commerce subcommittee flew from Las Vegas, Nev., Sunday to the scene of the air catastrophe that cost 128 lives.

Rep. Oren Harris (D-Ark), chairman of the Air Traffic Control subcommittee, headed the delegation making the on-site inspection. The congressmen and Chairman James R. Durfee of the Civil Aeronautics Board were taken down into the canyon by Army helicopters, accompanied by newsmen and photographers.

The four other members of the subcommittee, which Saturday held an intensive hearing in Las Vegas, flew directly to Phoenix, where the others were to rejoin them. The entire party was scheduled to return to Washington Sunday night.

**20 More**

Shortly after the congressional party arrived, Army rescue workers brought up 20 more bags containing remains of the United Airliner victims. This brings to 41 the total number of sacks brought up from the deep chasm.

Memorial funeral services for the 70 persons who died aboard the Trans World Airlines plane will be held in Flagstaff Monday. Fifty-eight persons died aboard the United airliner.

The two planes collided over the canyon June 30 about 90 minutes after taking off from Los Angeles International Airport.

## Park Service Men To Confer On Old Ft. Atkinson Site

OMAHA (AP)—Dr. John Corbett of the National Park Service will be here Monday for conferences relative to a $3,500 contribution by the government to an archeological survey of old Fort Atkinson, near Fort Calhoun.

Dr. Corbett of Washington, D.C. and Howard Baker of Omaha, regional Park Service director, will complete plans for the survey, which has been proposed by the Nebraska State Historical Society.

The money from the government will match a fund already set aside for the survey by the historical society, thereby permitting a more exhaustive study.

A bill has been introduced by Sen. Carl Curtis (R-Neb) designed to make Fort Atkinson a national historical site.

## Demo Keynote Speaker Pick Due Monday

CHICAGO (AP) — The keynote speaker for the Democratic National Convention probably will be named Monday when the party's Executive and Convention Arrangements committees meet here.

Democratic Chairman Paul Butler said in Los Angeles that decision on a keynoter will be announced after the session.

Sen. Robert S. Kerr of Oklahoma and Sen. Henry M. Jackson of Washington were reported to have strong backing for the assignment at the Chicago convention which opens Aug. 13.

Both Kerr and Jackson were said to be more generally acceptable to the candidate factions supporting Gov. Averell Harriman of New York and Sen. Estes Kefauver of Tennessee than such keynoter possibilities as Sen. Hubert Humphrey of Minnsota, Gov. Frank G. Clement of Tennessee and Sen. John F. Kennedy of Massachusetts.

Humphrey, Clement and Kennedy are supporters of Adlai E. Stevenson, the former Illinois governor who has lined up the largest preconvention delegate support for the nomination.

## *Kidnap Pleas Ignored*

### COPS ARE STUMPED

WESTBURY, N.Y. (AP)—Mrs. Morris Weinberger's emotional plea that her 5-week-old son's kidnaper leave a message—or the child—in a church apparently went unheeded Sunday.

And Stuyvesant Pinnell, Nassau County chief of detectives, admitted the investigation into the area's second baby-snatching in nine months was at a dead end.

"I could give you a glowing story of what we're doing and the progress we're making," Pinnell told newsmen today, "but it would not be true.

**No Leads**

"We have no leads."

So speculation grew as to whether little Peter Weinberger, who disappeared July 4 from his carriage on the rear patio of his parent's substantial ranch house, was still alive.

For four days now the anguished family has made a concerned effort to reach the kidnaper.

From the welter of telephone calls received from a friend and crackpot alike two have stood out. Both came last Friday.

**No Proof**

Weinberg has said he thinks they were from the kidnaper, but Pinnell reiterated Sunday there still was no proof, even though the ransom note contained a code to enable the kidnaper to establish identity.

The 32-year-old mother's appeal for the kidnaper to use a church as a go-between was made the day before.

First she suggested that the tiny fellow be left at a church Sunday.

Later she appeared in a TV film, broadcast locally, to beg:

"Please use a church or clergyman anywhere to make contact with us . . . Drop a note into a collection box . . . The clergymen are all committed to us not to turn over the information to the police.

"Please, please cooperate. We don't want revenge. We want our baby."

Both appeals were given wide newspaper publicity.

If there was a response, all concerned were keeping mum.

The other Long Island kidnaping took place last Oct 31, at East Meadow. Stephen Damman, 3, was taken from in front of a supermarket while his mother was inside. He has not been found.

## Accident May 25 Results In Fines For Beatrice Man

**Lincoln Star Special**

BEATRICE, Neb.—A fine of $59 and costs of $4 were assessed against Harry S. Tart of Beatrice on charges of driving without a license and reckless driving. Tart pleaded guilty to both charges before County Judge Oscar L. Clarke Jr.

The charges resulted from an accident in which a car driven by Tart went out of control and crashed into a home in which a small girl was sleeping. The car came to a stop on the little girl's bed and she escaped with minor injuries.

The accident occurred at 3 a.m. on May 25.

## Fixing Of Crash Blame Disputed

### . . . By Chief Of CAB

GRAND CANYON, Ariz. (AP)—Chairman James R. Durfee of the Civil Aeronautics Board Sunday said any conclusions as to responsibility in the Grand Canyon air catastrophe "are decidedly premature at this time."

Durfee, here with a special House Commerce subcommittee to inspect the wreckage site of the TWA and United airliners, repudiated testimony given earlier by the CAB's chief investigator, William K. Andrews, at the subcommittee hearing in Las Vegas.

Andrews had said that "TWA had full responsibility for maintaining separation" between the planes after changing its flight plan. The two planes collided over Grand Canyon June 30, killing 128 persons.

**5 Solons Tour**

Five members of the Air Traffic Control subcommittee headed by Rep. Oren Harris (D-Ark), visited the crash scene Sunday morning. They and Durfee flew in helicopters from Grand Canyon Airport to the north rim of the canyon. There they saw the wreckage sites, about a mile and a half away.

Durfee told newsmen that the conflicting testimony by Andrews and Oscar Bakke, CAB deputy director of safety regulations, was "due to the compelling urgency" of the hearing. He said it was "difficult to adequately gather, corollate and present material," in the short space of time since the crash.

But he upheld Bakke, who said that the United Air Lines pilot had "equal responsibility" for looking out for another plane.

**To Push Probe**

Durfee said that the CAB would push its investigation, hoping to complete it within two weeks. He said a public hearing to determine the cause officially will be held as soon as possible. He did not indicate the place.

Rep. Harris remained aloof from the CAB controversy, saying:

"The facts have to speak for themselves. Any opinions and conclusions at this point, of course, are highly speculative."

The subcommittee chairman pointed out that it was "not our purpose to establish responsibility." The group, he said, is seeking to find out what changes are needed in CAB and CAA regulations to promote air safety.

Harris praised the "heroic" recovery work of Army helicopters crews, United and TWA personnel at Grand Canyon.

**Mountaineers Finish**

Two of the eight Swiss mountaineers flown here by United to aid in recovering its dead finished their work Sunday.

While the five congressmen were at the canyon two Army helicopters brought out 21 more sacks containing remains of some of the 58 victims aboard the United airliner. Some 42 sacks have now been brought up and United said it hoped to complete the recovery job within two or three days.

Memorial funeral services will be held Monday at Flagstaff, Ariz., for 67 of the 70 victims aboard the TWA plane. More than 100 relatives are expected to attend, a TWA official said. The three other victims will be buried in their home towns.

## Polish Reds' Government Gets Shakeup

VIENNA, Austria (AP) — Radio Warsaw reported Sunday a shakeup in two ministries in Poland's Communist government. It came 10 days after the workers' revolt in Poznan.

The radio gave no reason for the removal of Julian Tokarski as minister of automobile production, and Roman Fidelski as head of the Ministry for Machine Industry.

It was noted that the "bread and freedom" revolt began on June 28 with a general strike by workers at the Stalin Zispo railway car works after hearing some of their representatives had been arrested by secret police. Other workers quickly joined the first demonstrators.

Tokarski had been named to the new Ministry of Automobile Production in April of last year. He is being replaced by Boleslaw Jaszczuk, who has been minister of electric power.

## Kansans Victims In West Nebraska

### Brothers And Wives Lose Lives In Early Morning Wreck

**Lincoln Star Special**

ALMA, Neb. — Three Kansas residents were killed and a fourth fatally injured early Sunday when their car left U.S. Highway 383 one-fourth mile north of here and smashed into a concrete culvert.

Killed outright were: Vern Miner, 34; Mrs. Margaret Miner, 30; and Mrs. Arvella Miner, 32. Fatally injured was Leo Miner, 35. Vern and Leo Miner were brothers and the women were their wives. All were from Long Island, Kan.

Harlan County Sheriff Ted Baker said an Oklahoma couple which discovered the wreck reported the southbound Miner car had passed two other cars, gone off onto the east shoulder for about 135 feet, went back onto the black-top highway and under a railroad underpass, then apparently went off the west side of the highway into the culvert. The mishap occurred shortly before 12:30 a.m.

Baker said the 1955 two-door auto smashed head-on into the culvert, but did not overturn or catch fire. He said there were no skid marks. The car's front end was hurled into the front seat by the impact, he added. Baker and County Attorney D. A. Russell investigated the accident, and Baker said no inquest would be held.

**Returning From Dance**

The sheriff said the Miners were returning to Long Island from a dance at Orleans, Neb. Orleans is five miles west of Alma and Long Island, Kan., is 16 miles southwest. Vern Miner was driving the car, Baker said.

According to Baker, the men had been working in a steel mill at Pueblo, Colo., and when it was closed down by a strike, they and their wives set out for Long Island to visit the brothers' parents, Mr. and Mrs. Ralph Miner.

Leo Miner suffered a broken leg, foot and smashed jaw and possible internal injuries. He was taken to an Omaha hospital by ambulance after being treated at the Alma hospital and died Sunday afternoon in Omaha.

Each couple had three children.

The four deaths boosted Nebraska's 1956 highway death toll to 144, one more than at this time a year ago.

## Omaha Girl Killed When Struck By Car

OMAHA (AP)—Darlene Venuto, 3, daughter of Mr. and Mrs. Chauncey Venuto of Omaha, was fatally injured Sunday night when she was struck by a car near her home.

Police identified the driver of the car as Charles E. Beal, 25, of Omaha.

Traffic Investigator Lew Stokes said Darlene had been riding her tricycle in front of her home, had left the trike on the sidewalk and walked into the street.

The patrolman said she was about seven feet into the street when she was struck by the right front fender and carried about six feet.

Stokes quoted the driver as estimating his speed at the time of the accident as five to 10 miles an hour. Beal told the investigators he did not see the child before the impact.

## Nixon Has Late Talk In Thailand

BANGKOK, Thailand (Monday) (AP)—Vice President Richard Nixon held a midnight airport conference with Thai leaders today, then told newsmen he feels Thailand is sticking to her pro-West stand.

The vice president, on a whirlwind tour of the Far East, arrived from Formosa on his homeward flight. His next stop is Karachi, Pakistan.

Before he left Taipei, Nixon branded as false any suggestion President Eisenhower had backed down on his opposition to recognizing Red China and seating it in the United Nations.

Nixon is cutting his stops short en route because a flat tire on his special plane delayed the Formosa departure 5½ hours.

He met Premier Pibulsonggram and Foreign Minister Prince Wan Waithayakon at Don Muang Airport.

Afterward he voiced to reporters his confidence in Thailand's position.

**Chiang Talks**

He also said his talks in Taipei with President Chiang Kai-shek convinced him Nationalist China would not accept Red China's bid to come to Peiping to talk about Formosa's future.

Nixon said he did not think Asia's people would accept the new look of the Russians until they were satisfied Soviet Communist boss Nikita Khrushchev and his followers have quit acting like Stalin.

Nixon and his party departed for Karachi 2½ hours after they landed on this Gulf of Siam plain from Formosa.

## MAN HURLED FROM ROLLER COASTER DIES

CLIFFSIDE PARK, N. J. (AP)—A 25-year-old Miami, Florida man stood up in a rocketing roller coaster car early Sunday and was hurled to his death on the pavement 50 feet below.

The cries of Marion Leon Yohan as he was ejected into space were drowned out by the usual screams of girl riders and the rattle of the car as it sped around a curve after the deepest dip.

Robert Yohan of Lodi, N. J., was in the car with his brother at Palisades Amusement Park atop the Hudson River cliffs opposite Manhattan.

### Briton, Wife Killed

NICOSIA, Cyprus (AP)—A British civilian and his wife were shot dead Sunday while on a Sunday outing 20 miles northeast of Nicosia.

British authorities said Greek Cypriot gunmen stopped the vehicle while it was traveling two miles west of the small village of Ayios Nikolaos near the north coast and opened fire with automatic weapons and shotguns.

## Partly Cloudy Seen For State

Eastern Nebraska was slated to have partly cloudy skies Monday, according to the Weather Bureau forecast.

It was to be generally fair in the western part of the state. The showers and thunderstorms which the Bureau had forecast earlier for Monday were postponed and scheduled to hit the Panhandle some time Tuesday afternoon or evening.

Highs Monday were to be generally in the 80s, the forecast indicated.

Imperial had .02 of an inch of precipitation Sunday, with Scottsbluff reporting .01 and Norfolk a trace. The state's high temperature was Lincoln's 88 and the low was Chadron's 47.

SENTRY DOG TRAINED TO ATTACK

## *'Sheba' Back After Throwing Base Into Tizzy*

PLATTSBURGH, N. Y. (AP) — Sheba was back in her kennel Sunday, her master was back on duty, and Plattsburgh Air Force Base settled into normal routine.

The big German shepherd sentry dog came quietly out of a patch of woods on the base late at night in answer to the calls of her handler, Airman 3.C. Mathew Bardsley of Pawtucket, R.I., who had been summoned back from home leave.

Sheba refused to eat after Bardsley left for home last Sunday. On Thursday, she slipped from her collar while being taken to a veterinarian.

**Sheba Slippery**

Hundreds of airmen were thrown into the search for the dog, which is trained to attack anyone who flees. But Sheba eluded them all.

Bardsley arrived back at the base and went immediately to the area where Sheba was surrounded. But there were too many people around to suit Sheba. She ignored the coaxing until the searchers withdrew and left Bardsley standing afone in the dark. Then she came out of hiding and Bardsley slipped a collar on her.

An Air Force spokesman said the dog apparently had stayed in the section where she normally patrols with Bardsley.

**Residents Warned**

At first it was feared that the dog had fled the base, and residents of this northern New York area were warned not to run from the dog and advised to keep children near home.

The Air Force spokesman said Bardsley seemed relieved to be reunited with his dog. He had feared that someone might shoot her, the spokesman explained.

Now the air base has a new problem: How to give Bardsley the leave he still has coming.

"We'll have to make some arrangement on leave," the Air Force spokesman conceded. But he would not speculate on how it would be arranged without Sheba's consent.

# It's Adlai On Early Ballot—Two Top Demos

## BUT CHANDLER WARNS: 'TAKE ME SERIOUSLY'

By THE ASSOCIATED PRESS

Two prominent Democrats said Sunday that Adlai Stevenson may get the Democratic presidential nomination on the first or second ballot—but Gov. A. B. (Happy) Chandler of Kentucky said: "Don't sell me short."

Sen. Lehman (D-NY) and Sparkman (D-Ala) beat the heavy drums on Stevenson's bandwagon.

Lehman said the former Illinois governor has "a very good chance of winning on the first ballot" in the Chicago convention next month.

Sparkman said a first-ballot nomination for Stevenson was "a growing possibility."

Such predictions didn't faze Chandler, who is going to the convention with Kentucky's 30 votes pledged to him as long as he is in the race.

**'Bandwagon' Thinking**

He called such statements "bandwagon psychology" and said "I intend to be taken seriously" as a possible Democratic nominee.

Chandler admitted in a television panel show that he wouldn't stand much chance for the nomination unless a deadlock developed. If there is such a deadlock, he said, "they'll start looking around for a Democrat who's pretty well known in the country, who has a good record of administration, and who knows a lot of people."

And that, he said, would throw a lot of delegates votes his way.

**'Not Strong Enough'**

Chandler said he would support Stevenson or any other Democratic nominee. But of Stevenson he said "I don't think he's as strong a nominee as I wish we had."

Chandler pointed out that Stevenson won Kentucky by only 700 votes in the 1952 presidential election, and warned that President Eisenhower might carry the state this fall—and bring two Republican senators from Kentucky to Washington with him.

Chandler said there was no doubt in his mind that Eisenhower and Vice President Nixon would be the Republican ticket again this fall.

**Lehman For Adlai**

On another TV show, Lehman said he would vote for Stevenson right from the first ballot at Chicago and would not consider a "courtesy vote" for Gov. Averell Harriman of New York, another Democratic hopeful.

He said this meant "no lack of regard" for Harriman, and that he considered both Harriman and Stevenson "true liberals."

Elsewhere on the political front, Sen. Morse (D-Ore) said the voters of his state "don't propose to let the White House purge a senator from the State of Oregon."

Morse said in a television show "There isn't any question about the fact that I am the number one target of the White House" and added "I am perfectly willing to welcome that contest."

Morse was elected a Republican from Oregon but broke with the Eisenhower administration and became a Democrat.

There was little activity on the Republican side.

rado, Connecticut, Indiana, Illinois, Maryland and Ohio.

That doesn't mean the opposing campaign strategists are writing off other contests in which there might be an overturn. It merely means their surveys indicate their best chances of winning seats from the opposition lie in the 11 states.

As of now, both parties apparently are basing their campaign calculations on the belief that President Eisenhower will be a candidate for a second term.

## Jap Ballots Put Hatoyama Party Ahead

TOKYO (AP)—Prime Minister Ichiro Hatoyama's Conservatives won renewed control of the upper house of Parliament Monday. But their chances of regaining the two-thirds majority needed to speed rearmament by revising the constitution were still in doubt.

Socialists and their leftist supporters were running strong across the nation. The head of Japan's Communist party, Sanzo Nosaka, won a seat in a tight contest.

With less than a third of the ballots tabulated by noon, Hatoyama's ruling Liberal Democrats had elected 33 councilors, the pro-Conservative independents 4, and the Conservative Ryokufukai (Green Wind) Society 1. The opposition Socialits had 16 and the Communists 1.

By winning 38 seats, the Hatoyama side had 2 more than the 126 needed for majority control of the 250-member House of Councilors. Ninety of the 123 members not up for election until 1959 are Liberal-Democrats or support the government. With 33 holdover seats the opposition has a total of 50.

Most of the returns so far were from Conservative rural prefectures. The heavy leftist vote from the industrial city areas was still to come in.

The Asahi Evening News predicted the Socialists would grab enough new seats to block revision of the constitution and stall rearmament.

## Japs Report Big Bikini A-Blast Set Off Sunday

TOKYO (Monday) (AP) — Japan's Weather Bureau said today another big nuclear explosion may have been touched off at the Bikini testing grounds Sunday.

It reported abnormal earth shock waves set seismographs gyrating 150 miles north of Tokyo.

Unusual atmospheric pressure waves were picked up in Weather Bureau stations throughout the nation. Both came from about 2,400 miles away in the direction of Bikini.

Meteorologists estimated the strength of the blast as approximately the equivalent of one they reported June 26.

**Other Blasts**

Japanese sources also have reported nuclear blasts at Bikini May 21, May 28, June 13, and July 3.

The United States, presently conducting a nuclear test series at Bikini, set off a hydrogen bomb there May 21 with newsmen present.

## 11 States May Decide Control In '57 Senate

WASHINGTON (AP) — Democratic and Republican campaign committees have come to separate decisions that party control of the Senate is likely to be decided in 11 states next November.

Republicans, seeking to regain the control they lost in 1954, have agreed informally to concentrate their major efforts toward unseating Democrats in Kentucky, where there are two races, and in Oregon, Nevada, New York and West Virginia.

Democratic strategists plan to direct their heaviest fire toward Republican incumbents in Colo-

## OFFUTT OFFICER'S FLIGHT CAUSES GREAT EXCITEMENT

MORVEN, N.C. (AP) — Maj. Rufus Livingston, who is stationed at Offutt Air Force Base in Omaha, was surprised Sunday to learn that his flight from Savannah, Ga., to nearby Wadesboro Saturday caused a flurry of excitement among Civil Aeronautics Administration personnel, the Civil Air Patrol and state highway patrolmen in North Carolina and South Carolina.

The CAA in Charlotte reported Saturday night it had received word that a plane piloted by "a man named Livingston" was overdue on a flight from Savannah to Wadesboro via Florence, S.C.

The CAA said the Cessna 170 left Savannah at 11:30 a.m. Saturday for Wadesboro, two hours flying time away. It carried fuel for four hours.

**Officer's Story**

Sunday the Air Force cleared up the situation with this story:

He took off from Savannah with his wife and daughter, bound for his parents' home here. Midway on the flight, he decided to by-pass Florence where, according to his flight plan, he was due to stop.

Livingston said he radioed to the Florence airport that he would not stop there and, thinking the airport received his message, he continued on to Wadesboro-Lilliesville Airport.

He said Sunday the confusion apparently resulted from his radio message to Florence, which he said "probably didn't get through at all," since he transmitted it "blind."

## Air Base Council To Fete Gillespie

The Air Base Co-ordinating Council will honor Col. William B. Gillespie, commander of the Lincoln Air Force Base the past two years, at a luncheon Monday.

The colonel has been reassigned by the Air Force and will leave Lincoln soon.

Max Kier, chairman of the sponsoring group, will preside at the luncheon, to be held at the Chamber of Commerce.

Speakers will be Gov. Victor E. Anderson, who was mayor of Lincoln when negotiations on reactivating the Base began in 1951, and Mayor Clark Jeary, who was in office when final leases were signed.

Others who will be at the head table include:

Col. William Coleman, commander, 98th Bombardment Wing.

Col. Henry C. Godman, director of material, 98th Bombardment Wing.

Col. Ralph W. Bond, director of personnel, LAFB.

Col. Douglas Conlan, director of operations, LAFB.

Lt. Col. T. H. Powell, deputy commander, LAFB.

Lt. Col. John B. Carey Jr., director of material, 818th Air Division.

President Albert A. Held, Lincoln Chamber of Commerce.

Chairman C. W. D. Kinsey, Citizens Air Base Committee.

Gen. Claude E. Putman, commander of the 818th Air Division, and Col. Louis B. Thorup, commander of the 307th Bombardment Wing, are out of the city.

## Visiting Lecturer Suggests Presidential Trip To Asia

The West is losing the Cold War in Asia, and a trip by the president of the United States to that area is badly needed, according to Dr. S. E. Gerald Priestley.

Dr. Priestley—world traveler, historian, author and authority on underdeveloped areas—is in Lincoln for a world affairs workshop at Nebraska Wesleyan University, Monday through Friday.

Since the United States is the "recognized free-world leader," Dr. Priestley thinks a presidential Asian tour would show the peoples of that area that this country and the free world are interested in Asia and its welfare.

**RUSSIANS IMPRESS**

The visit of Soviet Premier Bulganin and Communist Party Chief Khrushchev "made a great impression" on the Asians, Dr. Priestley said, and it "demonstrated that the Soviet Union is interested in the economic and social problems of Asia. . . ."

Dr. Priestley said he believes the Russians will make good their promises of economic aid to Asian countries, and that already Soviet technicians have been sent to many underdeveloped countries.

He thinks this country should put more emphasis on economic aid than on military aid. Many of the Asian "intelligentsia," he said, feel we are interested only in military matters, and not in Asian economic problems.

**SEEK EQUALITY**

The people of Asia, Dr. Priestley said, are more concerned with raising their own economic level than with the East-West struggle. Having recently won political independence, he added, they now seek economic, social and racial equality. They are "very concerned" by the fact that one-sixth of the world's population controls more than two-thirds of the world's wealth.

Dr. Priestley believes that admission of Red China to the United Nations would enhance American prestige in Asia. During his 40,000-mile world trip in 1955, he spent six months in Southeast Asia. He said he didn't meet "anyone anywhere in Asia" who thought Chiang Kai-shek would ever return to the Chinese mainland.

Most persons he talked with, he said, believe the United States continues to support Chiang mainly because it wants to retain its air bases on Formosa.

**RED CHINA**

We should realize, Dr. Priestley declared, that Southeast Asia will come within the sphere of influence of Red China just as Central America is under the sphere of influence of the United States.

But, he said, this does not mean Asian countries will wish to give up their political independence to Red China any more than Nicaragua, for example, would wish to be controlled poltically by America.

Dr. Priestley believes the time will come when the permanent membership of the UN Security

DR. S. E. G. PRIESTLEY

Council should be increased from five to seven members. He predicts India and Japan will merit permanent Security Council seats. "At present," he said Asia "is not really represented."

Dr. Priestley was born in England and holds six degrees in history, international economics, political science and philosophy. He leaves Friday for Chickasha, Okla., where he will conduct a two-week workshop at Oklahoma College for Women.

## Lienemann's Have Son

County Commissioner and Mrs. Del Lienemann are the parents of a boy, Douglas Earl, born Sunday at Lincoln General Hospital. They have two other sons, Chip, 7, and David, 4, and a daughter, Dianne, who is 2. Grandparents are Mr. and Mrs. Earl R. Peck of Lincoln and Mr. and Mrs. A. H. Lienemann of Papillion, Neb.

## 4 Lincoln Youths Questioned About Kansas Burglary

Four Lincoln youths, aged 16 to 18, were apprehended by Lincoln police and taken to Marshall County, Kan., for questioning in connection with a filling station burglary at Lone Elm, Kan., Friday night.

Police said one of the youths admitted taking part in the burglary and signed a waiver.

Another youth suffered deep cuts on both arms when he leaped through a plate glass window at the filling station after the four were flushed out by the station owner, police said.

The youth went to a local hospital for treatment and 30 stitches were sewed in his arms.

Police said apparently the station owner surprised the youths before they could get away with anything.

Marshall County Sheriff George Branson and a special agent of the Kansas Bureau of Investigation accompanied the four boys back to Marshall County. The boys were jailed in the City Jail upon their arrest in their Lincoln homes and later turned over to Kansas law enforcement officers.

## Trades Employment Rises Brightens Lincoln Economy

"A strengthening in the economic picture" in the Lincoln metropolitan area was cited Sunday by the Lincoln office of the State Employment Service in its monthly report.

The opinion was based on employment in the trades, which reversed a normal seasonal decline starting in February by adding 50 employes during June, largely as a result of "active" department store sales, the agency said.

A further barometer of local business vigor, the agency said, is an increase of 50 employes each in finance, insurance and real estate group and government.

Local banks and the city of Lincoln accounted for the bulk of the increase.

The report issued Sunday covers Employment Service activities during June in Lancaster, Saline, Seward, Fillmore and York Counties.

Total wage and salary employes in the Lincoln Metropolitan area increased by about 100 workers.

A 100-worker drop in manufacturing employment was partly seasonal, with production cutbacks contributing to the decline. The decrease was mostly confined to a confectionery plant and a rubber products plant.

Total unemployment, which had declined steadily since the February high point, edged upward.

The number of unemployed, 250 more than in May, includes many students who are seeking work or graduates who want permanent employment, according to the Employment Service.

Hiring schedules of 145 Lincoln firms indicate employment in the service and trade groups will be stable, with small increases expected in trade in the next 60 days, the agency said.

Construction is expected to remain at near-present levels through the summer.

Further cutbacks in rubber products and instruments manufacturing are expected to result in a small increase in unemployment during the next two months.

## Lady Pilots Begin Crossing Powder Puff Derby Finish

FLINT, Mich. (AP)—Four of the 49 planes in the 10th annual Powder Puff Derby touched down here Sunday at the finish line of the California-to-Michigan race for women pilots.

The early arrivals included one of the 13 women flying solo and the first of several grandmothers entered in the 2,336-mile hop from San Carlos, Calif., to Flint.

The first plane to land at Flint City Airport was a single-engine Beech Bonanza piloted by Mrs. Joyce Failing, Baker, Calif., and copiloted by Mrs. Loretta Foy, Van Nuys, Calif.

Less than 14 minutes after the California team reached the runway, the twin-engine Piper Apache piloted by Mrs. Lois Cassidy of Chicago touched down.

The third arrival, at 5:22.02, was flown alone by Miss Grace Harris, Kansas City, Mo., a veteran of three other Powder Puff derbies.

Bad flying weather over portions of the Great Lakes area was expected to delay most of the field until Monday.

## It Happened In NEBRASKA---

In 1819, when an army private's pay was about $6 per month, the companies at Fort Atkinson conducted daily target practice. If a soldier could place four shots out of six within three inches of the target's center at 100 yards—shooting offhand—he was considered a good shot. That WAS shooting!

# York Mother Of 13 Is Dead

Lincoln Star Special

Mrs. Susie Kramer of York, mother of 13 children, who was severely burned in a May 14 accident, died Saturday in an Omaha hospital after giving birth to a stillborn daughter.

Mrs. Kramer was burned over two-thirds of her body when a can filled with kerosene exploded in her hands while she was starting an early morning kitchen fire.

Although the fire was beaten out by her husband, she suffered severe burns on her limbs, hands and face.

Funeral services will be 2 p.m. Wednesday at the Metz Mortuary in York. The Rev. Robert E. Matthews will officiate and burial will be at Bradshaw.

Mrs. Kramer would have been 37 Sunday.

Surviving are her husband, Louis; 13 children, ranging from 18 years to 14 months; three sisters, Mrs. Glen Berry of California, Mrs. Lowell Dochery of St. Joseph, Mo., and Mrs. Ember Browitt of York; three brothers, Clarence Collingham of Boise, Idaho, Homer Collingham of Lincoln and Orion Collingham of Aurora, and father, Walter Collingham of Dallas, Ore.

## Monument Honors Weimar Leader

MAINZ, Germany (AP) — The cornerstone for a monument to European unity was laid in this onetime seat of medieval culture.

The monument is called 'Europahaus" House of Europe and is dedicated to the memory of the late Gustav Stresemann, onetime leader of the Weimar republic, set up after World War I. Before his death in 1929, at the age of 51, he was a pioneer in the campaign for a unified Europe.

## French Crew Rescued

PENZANCE, England (AP) — The French fishing vessel Marotte, out of Cherbourg, collided with the British ship Kenutta in dense fog and sank off Plymouth. The Kenutta radioed she had picked up all the crew members of the Marotte and was proceeding to Liverpool.

## New Pastor For Stanton, Norfolk Area

STANTON, Neb.—The Rev. C. W. Franke, formerly of Scarboro, Ill., has arrived in Norfolk where he will assume the duties as pastor of the Evangelical United Brethren Churches at both Norfolk and Stanton.

The Rev. Mr. Franke conducted his first service in Stanton last Sunday.

He succeeds the Rev. Alvin S. Hildebrand, who is moving to Lancaster, Pa.

Sunday, the Rev. Franke attended the Nebraska EUB Conference, at which he was ordained an elder.

The Rev. Franke served as pastor of the church at Scarboro, Ill., from July 1953, until the last of May, 1956.

He is a graduate of Westmar College, LeMars, Iowa, and last May 7 received his Bachelor of Divinity Degree at Evangelical Theological Seminary, Naperville, Ill.

For six months, the Rev. Franke conducted a radio broadcast each Sunday afternoon over Station WLBK in DeKalb, Ill.

A book of 12 of his radio sermons was published in 1954.

In November, 1955 he published a 15-chapter book of radio sermons entitled, "I Do Believe Because."

The Rev. and Mrs. Franke and their son, David, 1½, will make their home in Norfolk.

## Bloodmobile To Visit Pilger, Stanton Areas

STANTON, Neb.—The Red Cross Bloodmobile will make a "split visit" call at Stanton and Pilger Thursday, according to Mrs. Harlan Jackson, county blood program chairman.

The split unit will be at the Congregational Church in Stanton from 12:30 to 5:30 p.m. and at Pilger from noon to 6 p.m.

# Norfolk Railroad Man Retires After 40 Years Of Service

NORFOLK, Neb.—C. B. Jewett, 65, who went to work in 1916 for the Chicago and North Western Railroad, has retired after 40 years with the company.

He started work as a sheet metal worker at Norfolk at the pay of 28 cents an hour. He worked nine hours a day, six days a week. He had a wife and daughter to support on this sum.

Times have improved, however, and at the time of his retirement Jewett was working a 40-hour week and being paid $2.25 an hour.

Besides increasing pay, Jewett has seen many other changes in the railroad scene in Norfolk. The change from steam engines to diesel electric has been a major one.

**Steam Vs. Diesel**

Jewett says he preferred working with steam engines because he had grown up with them and knew them. He had to learn everything about the diesel.

With the shorter work week he has found time during the past four years to build his own home on Highway 81, south of Norfolk on a two-acre tract.

Jewett was grand master of the Nebraska International Order of Odd Fellows in 1945-46. He has been active in the Presbyterian Church and was a member of the volunteer fire department of Norfolk 37 years. He is past president of the firemen and also of the local CNW Veterans Assn.

After a trip to California this month the Jewetts plan to "relax." Jewett wants to do some fishing, hunting and gardening, and later on, some more traveling.

The contest will be a feature of this year's Dawson County Fair Aug. 29-31. There is no age limit in auditions.

Twenty-five numbers will be selected for the auditions to appear during the county fair performance. The winner will be given a transportation-paid trip to New York City where he will audition for national television shows.

## Wheat Payments Will Be 60 Pct. Of Support Level

WASHINGTON (AP) — The Agriculture department announced that 1957-crop wheat payments under the acreage reserve section of the soil bank plan will be 60 per cent of the national average price support level, or $1.20 a bushel.

This depends on farmers' acceptance of 1957 marketing quotas in the wheat referendum to be held July 20. If quota are approved—and they have been for the last three wheat crops — growers in commercial areas who remain within their acreage allotments will be eligible for the full level of price supports.

If quotas fail to win approval by two-thirds of those voting, the law provides for a wheat price-support level at 50 per cent of parity for those who stay within their allotments.

## Bids On David City Fire Station Rejected

Lincoln Star Special

DAVID CITY, Neb.—The bids of six contractors on the construction of a new fire station here have been rejected and the city council will advertise for new bids.

All six bids were rejected because they were higher than the architect's estimate of $22,000. The low bidder submitted a proposal of $23,483, and the other five bids ranged up to $29,000.

**Announce New Way To Shrink Painful Piles**

**Science Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids**

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository or ointment form* called *Preparation H.®* Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drugstores. Satisfaction guaranteed or money refunded.

# THREE IMPORTANT QUESTIONS FOR FATHERS

**. . . the answers are vital to their families**

The answers to three simple questions may help show the difference which would occur in the standard of living of a family if a father were not here. These are the important questions:

**Question 1.** How much does his family spend monthly on groceries, rent, heat and light, clothes, medical expenses and other necessities?

**Question 2.** How much would the family spend if the father's expenses were eliminated?

**Question 3.** How much income would the family receive regularly without his pay check?

If the answer to question 3 is subtracted from question 2, one will get the minimum amount of monthly income a father *should be planning to provide to protect his family* . . . and a good way to do this is through the Metropolitan Family Income Plan.

Every father should consider these important features of the Metropolitan Family Income Plan:

1. Each father can choose the amount of monthly income needed—$100 a month, $200 or more.

2. If he should die at any time within 20 years, the Metropolitan Family Income Plan will provide this income for his family each month for the remainder of the 20 years, and then a cash settlement equal to the face amount of the policy.

3. If the father should live beyond the 20 years, he and his family can have *continuing insurance protection* for the full face amount of his policy as long as he lives.

Here is a way a father can help solve the problems of protecting his family today. Ask your Metropolitan Representative to give you the details on the Family Income Plan. It is easy to get in touch with him, for . . .

# Increasing Power Needs

Ordinarily, so the old joke goes, party platforms are drawn in order to be stored away with moth balls after the campaign has been completed.

There was one declaration at the Democratic State Convention a week ago of importance to Nebraskans. It was this:

"We deplore the voting record of our Republican representation in our national capitol that now results in our inability to secure the 230 KV line from Fort Randall to Grand Island, which we so sorely need. This line would feed power into an area which is demanding great increases in power each year as pump irrigation increases.

"It should be the policy of our representatives in Congress to support appropriations for REA and electric transmission lines for the benefit of all the people instead of playing politics with the welfare of America, we pledge that the Democratic candidates for Congress will follow such a policy in the Congress of the United States as to encourage the members from other states to co-operate with them for the preservation of the best interests of the state of Nebraska and of the United States."

That Grand Island line is needed and needed overwhelmingly to serve Nebraska power needs. The plank may invite criticism that it encourages vote trading, a charge which in itself is ridiculous. We need that power line and we need it now, not five years hence, if we are to avoid a developing power shortage.

# Died Of Infection

Infected by an amendment which injected the segregation issue the House bill for federal aid to education met with defeat.

The nation will have to look elsewhere than the current House for means to improve an educational condition that authorities say is putting the United States behind Russia and the youth of today behind the youth of yesterday.

Federal aid is a controversial subject and death of the bill will be as welcome news in some quarters as a disappointment in others. But it is unfortunate that the question was not met squarely on its merits for the House action gives no assurance to either side of it. The amendment that would have withheld federal aid from areas not living up to Supreme Court decisions on desegregation was of enough force to mobilize the added votes needed to defeat the measure.

One is inclined to the opinion that the House had a distaste for a major controversial decision during an election year—more that than deep convictions on education. If that is the case, then the action was most unfortunate. Realistic government requires treatment of major questions on their merits and not on distractions.

Out of it comes a guarantee of inaction and a further delay of a problem that can ultimately affect the security of America.

# New Source Of Revenue

When Ak-Sar-Ben's 35 day racing meet came to a close last week, 2,214 more racing fans had passed through the gates than in 1955, establishing a new attendance record. Not only did previous attendance totals go by the boards but the crowds during the 1956 racing meet reached into their pockets, hauled out the long green, and bet more money on the ponies than ever before.

This 1956 meet saw $17,304,433 pass over the betting counter.

A year ago the aggregate bet was $16,841,600, which was $462,833 less than in June and July's 1956 meet.

We doubt that the 2,214 racing fans put up nearly a half a million dollars more.

Obviously the betting was a little more spirited than a year ago—a trend that has been gathering momentum at all the racing tracks. Money may be a little tighter and at least in isolated areas unemployment may be on the increase but beautiful, seductive Lady Luck seems to have more admirers than ever before willing to back their devotion with their dollars.

Hyde Sweet of the Nebraska City News Press, with whom it has been so easy to disagree on so many occasions, long has insisted that as one part of the solution of Nebraska's growing tax problem pari mutuel betting should be encouraged (if it needs any) and the state get in on the swag by taking a 10 per cent cut. Had a law of this kind been on the books the state's share of the Ak-Sar-Ben meet would have been $1,730,000—no final answer to the state's mounting money needs—but a tidy little sum at that. And with the meets outstate, coupled with a cut of the State Fair betting, Nebraska could be substantially richer.

We are not trying to tell either Ak-Sar-Ben or the State Fair what it should do with its money. In both cases there has been a great deal of wisdom in the manner in which it has been spent. Only racing management is in the position to know whether an additional cut in the form of a tax could be absorbed.

## Windfall State

We know you just can't bring yourself to believe it, but it is a fact that Great Britain, so long the refuge of restraint and dignity in government treatment of money, has gone in for lotteries.

Seeking to stir up more buying of government bonds the British government will make a new issue of one pound ($2.82) denomination. Six months after purchase the holders will be eligible for a drawing and some $28,200 will be divided among 237 winners. Lotteries will then go on every month until the bonds mature.

The United States has not yet resorted to common people lotteries and may never. It confines its windfalls to kind rather than money and is more selective in who wins. But the value of each is much greater—Tidelands oil, a Dixon-Yates type contract or perhaps a fine undeveloped damsite.

## The Russian Way

When Tito of Jugoslavia visited Moscow in the modern version of the prodigal's return he was greeted with ovations and thunderous cheers wherever he went.

It was as usual. Enthusiasm in totalitarian Russia is government regulated. The citizens give forth on a signal by an official and continue until he signs them off. There isn't any real emotion in it. Father simply comes home after a hard day of cheering for a person whose name he didn't just quite catch. The job doesn't pay very well but it's better than digging a ditch.

We assume that Tito, a well-schooled Communist, was not at all misled. Russian ovations are over the moment the sound quits and anyone is unrealistic to believe they carry over until tomorrow. We assume also that American statecraft will understand that nothing very earth-shaking went on in Moscow, judging by the sound.

# Of Men And Things

By J. E. LAWRENCE

**In Omaha Saturday, climaxing a brief Nebraska visit, we got a glimpse at the Stevenson "New Look." It is all to the good. The Democratic presidential candidate in 1952, again seeking re-nomination as his party's standard bearer, never has lacked for charm and personality, and *outstanding intellectual competency*. But the new Stevenson is much more approachable, and we believe much more effective than he was in 1952. It was not difficult to understand why his California campaign paid off in votes.**

★

Democratic National Committeeman Bernard Boyle of Omaha entertained about 100 Nebraskans, living outstate and in Omaha, at a luncheon for Mr. Stevenson, following the called meeting of the Nebraska delegation in the morning. Mr. Boyle was explaining to his guests that it had been his hope to have the leading Democratic presidential candidate as a guest for dinner but owing to Governor Stevenson's tight traveling schedule, and his many committments it was necessary to take him (Stevenson) whenever they could get him." Then followed one of those cracks for which Governor Stevenson is noted, the only direct reference to the fact that the Stevenson party was interested in rounding up votes in the convention. Recalling Mr. Boyle's introduction of the master of ceremonies Governor Stevenson said if they wanted him they could have him. But with that grace and ease with the English language for which he became famous four years ago the Governor spoke informally to the luncheon group gathered under the trees of the spacious Boyle home before leaving for Des Moines by plane to mingle with the Iowa delegation at a dinner Saturday night.

**They Could Have Him**

★

**Rarely have we seen Governor Stevenson looking better physically than he did Saturday. The Florida campaign may have been tough—California even tougher in the new technique developed by Stevenson—but he was the picture of health Saturday, a little heavier than four years ago, a man who seemed to be enjoying himself in his new style of campaigning.**

★

We visited with Governor Stevenson for nearly a half hour before he left to talk briefly to the Nebraska delegation and then move on to the luncheon. We expressed the opinion to him that as important and vital as a sound program for agriculture is—something which Benson has not devised—we thought that a sound, long-range program of conservation of natural resources was also equally important to all of this vast country to the west of the Missouri River—the country which comprises the 17 reclamation states. He showed immediate interest. He spoke of the complexity of that question. Over in Bloomington earlier in the week a farmer in a group had spoken critically of the reclamation program, which the farmer said was bringing new land into production when crushing farm surpluses exist. What did we think about it, and what would we do with surpluses? We have never known any very convincing, persuasive argument in the thinking of a farsighted thrifty America against money in the bank. Food surpluses of farm commodities certainly were money in the bank with the outbreak of World War II, and without them it would be difficult to say what the result might have been for the Free World. Secretary Benson has been guilty, we think, of computing surpluses in terms of dollars rather than projecting them in their capacity of meeting American needs in terms of weeks, months or years. In terms of months these surpluses are not too over-powering.

**One Excellent Question**

★

**It will not be too long now. A month hence the crowds will be moving in on Chicago and before too many days a most attractive American leader will know what fate holds in store. This 1956 presidential campaign, contrary to a great deal of the expressed opinion, could be a most fascinating, enchanting struggle.**

## About The Case

The New York Times took a long look at past efforts toward world disarmament and then came up with an observation we all suspect is the truth of the matter. It said, "Its about like a drunk's effort to reform: he cannot quite stop drinking, but neither can he escape a guilty feeling every time he wanders into a bar."

# Tighter Safety Controls Needed

WASHINGTON — Buried in the files of the Civil Aeronautics Administration and the Civil Aeronautics Board are reports on near air tragedies that don't make happy reading. Maybe that's why they are still buried.

They also show inexcusable negligence or buck-passing on the part of government officials and on the part of some airlines.

In view of the increasing congestion of the airways, with near misses in collisions happening several times a day, here is some of the disturbing information buried in CAB-CAA files.

One file shows failure of an important airline to change its propeller mechanism on the DC-7B when warned to do so, and the failure of the CAA to force a change—until after a near accident.

In November, 1955, the Hamilton Standard Propeller Company had informed all DC-7B operators that it was replacing the drive shafts of its propellers on the DC-7B with an improved part. However, the CAA did not make this change mandatory and Pan American Airways continued to operate its DC-7B's until such time as it was possible to change them.

**On Dec. 28, 1955, following this, a Pan American DC-7B caught fire in its No. 3 engine while flying between Teheran and New York. The plane was about to attempt a forced landing by moonlight on the beach at Venice, Italy, when the engine fell out and it was able to continue and land safely at Rome.**

A CAB examiner retrieved the fallen motor and found that the governor drive shaft had failed, just as the Hamilton standard propeller company had warned. The CAB examiner further reported:

"A review of past governor drive shaft failures of this type revealed four others that occurred during October and December 1955."

In other words, despite four failures, the CAA which enforces safety rules had not grounded the DC-7B until the propeller shaft defects could be remedied.

Only after the near tragedy over Venice on Dec. 28, did the CAA act. On Jan. 16, 1956, it made the change mandatory.

**TRAGEDY OVER PACIFIC**

Another tragedy that could have been prevented occurred on March 17, 1955, when a Pan American Boeing 337 was ditched 35 miles off the Oregon coast while en route to Australia. The plane had lost its No. 3 engine and had gone out of control. Three people drowned and one died of shock.

The CAB investigation revealed that the pilot had been unable to increase the power of the three good engines in order to compensate for the loss of No. 3, due to electrical failure.

Here again both the airline and the CAA had been forewarned.

On Dec. 21, 1955, the propeller manufacturer, Hamilton Standard, had recommended in its service bulletin No. 233 that the circuit breakers and fuses be reduced in order to prevent such failure.

However, CAA did not make the change mandatory. And, while Pan American had made the change on its DC-6S, it hadn't got around to altering its Boeing 337s.

"Compliance with this bulletin was not mandatory by the CAA," wrote the CAB examiner, "although the importance of its text was effectively demonstrated by the circumstances of this accident."

Only on April 21, 1955, after the accident, did the CAA force all airlines to make this change in the Boeing 337. This, however, was after three people had been drowned and one died of shock in the water off the Oregon coast.

BILL DOBLER At City Hall

# School, Park, 'Rec' Bodies Co-operate

A nationally known park and recreation official in Lincoln during the past week touched on a number of timely and interesting points.

He was impressed very highly by the co-operation that exists between school, park and recreation officials in Lincoln. He pointed out that this is not the case in many cities where the activities of one group might interfere or duplicate the efforts of the other.

Bill Dobler

The official, George Hjelte, manager of parks and recreation for Los Angeles, Calif., was not mistaken in what he saw. School Superintendent Steven N. Watkins, Park Superintendent James Ager and Recreation Director James Lewis have never failed to reach agreement on any subject of common concern to all three.

Dr. Watkins has served on the city's park and recreation advisory board and has been in sympathy with any worthwhile program for improvements along those lines. He has also worked toward a wider use of the school's recreational facilities by the entire community.

Ager and Lewis have cooperated many times in the development of programs for the city parks. Without this cooperation, many of the things which have been accomplished in Lincoln would have been impossible.

☆ ☆ ☆

Hjelte also stressed the importance of guarding against infringement upon the parks by other operations of the city, particularly the use of park property for street right-of-ways. That very thing is about to happen in Lincoln in at least one case, the extension of the southeast radial from 27th and D to 33rd and A.

**While the radial extension is an important part of the city's traffic plan, it is an excellent example of the evil of such a development.**

When the radial takes a piece of Antelope Park for a right-of-way, that park land will be lost forever and nothing will be done to replace it. No payment for the land will be made to the park department. The right-of-way through the park is simply viewed as a golden opportunity since it means no expense.

The Los Angeles park man was not kidding when he warned against this kind of practice. If left to go unchecked, it could mean the swallowing up of many acres of valuable park property.

☆ ☆ ☆

On another point, Hjelte urged the acquisition of additional park property to retain such services for posterity. Here again, there is agreement with the official but with some temperance. Whenever possible, additional park property should certainly be acquired by the city.

Such a practice, however, can become very costly and result in the stagnation of current development. Land acquisition should not be substituted for development of existing property nor should it be done without regard to price.

Location is an important consideration for parks but it should be weighed along with price. Park property should not be acquired at any price merely because it happens to be at a point exactly so many miles distant from other parks.

Another point stressed by Hjelte was the importance of a good park and recreation program in connection with the nation's physical fitness. He spoke of a growing leisure time for people of all classes with a resulting greater demand for public parks and recreational activities.

Certainly, there is no room to disagree with the West Coast official on this point. Lincoln's parks are growing in popularity every year with more and more people finding time for outdoor activities.

The city has just completed and opened a new swimming pool which has found a ready group of customers. Early reports show that the new pool has not cut down attendance at either of the city's other two pools.

The annual band concerts in Antelope Park and programs at Pinewood Bowl in Pioneers Park are having constantly more attendance. The demands upon the recreation department for various types of programs such as baseball, tennis, dancing, etc., have never been greater.

**Every year when winter comes around the city's ice skating facilities become more crowded. Voices are constantly being raised for improved skating areas. Even the temporary man-made little ice skating pond on the Rogers Tract at 33rd and O has been a popular spot when covered with ice.**

A trip to Oak Creek Park nearly any nice Sunday afternoon will convince even the greatest skeptic that there is a huge demand for water activities such as fishing and boating. The fishing lake at the park is sometimes lined so solidly that hardly another person can find a spot in which to locate. The boating lake sometimes becomes so crowded one wonders what miraculous powers prevent a series of collisions.

These and other demands are not temporary. As Hjelte pointed out, they will increase as the work week grows shorter and as less and less private property becomes available for public outings.

### Charter Vote

Lincoln, Neb.

To the editor of The Lincoln Star: I feel certain that the public would have voted for the higher rates for legal advertising if it had not been for the word "or" permitting the council to post notices in the city hall instead of advertising.

Maybe people did not like the length of the proposal: to me it was asking for far more authority than just increasing the rates.

Could it be that one-third of the voters read through the whole proposed amendment?

### Strong Candidates

Curtis, Neb.

To the editor of The Lincoln Star: The time of the great party conventions is approaching and the outlook is rather dismal. Stevenson seems to have the Democratic nomination in the bag, but a lot of Democrats do not like him and certainly few Republicans do.

The Republicans will likely nominate Ike and Nixon, but the voters know that the President's health is such that he should not try to carry the burden of the presidency. In fact, they feel that he cannot for long and Nixon certainly is disliked by the Democrats and many Republicans. The truth should be told about the President's health and the truth can not be called dirty politics.

The Republicans have other candidate's who are strong. Earl Warren would cause the Democrats to shake in their shoes. Many Republicans would be glad to vote for Kefauver against Ike and Nixon. If both parties put up weak candidates, interest will be lacking in the election. I suppose, too, that if both parties put up strong candidates interest might lag.

But the party that puts up a strong candidates will be the winner. All voters should desire that both parties put up strong candidates.

### Memorable Date

San Gabriel, Calif.

To the editor of The Lincoln Star: Many a time have I thought I would write you. But arthritis and senectus have both gripped me, and . . .

I appreciate the wonderful service you rendered the state as president of the Nebraska State Historical society. The new building and society progress generally stand as monuments to your service. They did not wait until after death, but are here right now.

This is a memorable date for me. My journal notes the occurrence for instance, the death of two beloved brothers, Ephraim and Keene, 63 years apart.

Also on this date, Harvey E. Newbranch, listened with me to the historic debate at Crete between John P. Irish and W. J. Bryan. The year was 1896. W. J. B. practiced the address which a few days later brought him the presidential nomination at Chicago.

# Effect Of Strike May Hurt Schools

WASHINGTON — If the steel strike does not go on for too long, its effect on the economy, in the view of most administration advisers, is likely to be beneficent.

Excessive steel inventories will be worked down and perhaps also the backlog of automobiles in manufacturers' and dealers' hands. Throughout the spring this backlog was an acute embarrassment, with the gloomy prospect that it would still be hanging over the market as automakers began to prepare their next year's models.

But June and May were better months, with the inventory moving down well below the record level at which it had been. If the strike can be ended in, say, three to four weeks, a lively new boom will be touched off, accelerating toward the end of the third quarter and the beginning of the fourth, with the outlook good for the sales of 1957 cars that will be brighter and shinier than ever.

☆ ☆ ☆

The expected upswing is likely to obscure, temporarily at least, the inevitable rise in the price of steel. But that rise will further complicate the problem, which at first glance may seem to have little relation to a booming economy and more and more shiny automobiles, of getting enough schools built to provide for the education of America's rapidly growing school population.

A 20 to 25 per cent increase in construction costs during the past year has stopped many school districts from going forward with school projects, since the amounts provided in school bonds already voted were not sufficient. Reports of such delays have come from various parts of the country.

**A boost in the price of steel will send construction costs up again and make it even more difficult to build schools. A further handicap has been the tightening of the *money market through the action* of the Federal Reserve Board in raising the rediscount rate which, in turn, confronted school districts with interest rates beyond their capacity to pay.**

In the face of a grave crisis in American education, the House of Representatives in a legislative shambles killed the chance of federal help for school construction for this congress. Republicans are blaming Democrats and Democrats are blaming Republicans, and those will be the loud echoes in the campaign this fall.

But the harsh facts of both economics and politics make for a situation in which it is scarcely an exaggeration to say that the future of America over the long pull is directly at stake.

☆ ☆ ☆

One observer after another has returned from Moscow to report startling statistics showing that Soviet Russia is turning out half again as many scientists and technicians as this country. The output here is equal to only about half of the 50,000 needed for industry, education and research.

There has been a steady decline in the teaching of such basic subjects as chemistry, mathematics and physics in American schools. In contrast, all the reports on Soviet education stress the emphasis put on these subjects in the basic 10-year course.

The Republican slogan is, "everything's booming but the guns." To be accurate, they may have to add, "and the schools."

### 'Them' Statistics

It wouldn't be surprising to tune in on a commercial any day now and learn that the average housewife lifts the equivalent weight of the world every 96 hours.

As a member of the clan of beleaguered husbands, I am perturbed by the new trend which attempts to sell things to the homemaker by telling her that she scrubs the faces of say, 96,723 dishes in six weeks or so.

**In the first place, a statistic like that is unrealistic. A person would be more inclined to believe in it if the figure were 96,722½, allowing for breakage.**

More important, though, is the trouble a few well-meant statistics can cause in the American home. Let us consider the case of Casimir X. Snoopdoodle, an average kind of home-loving husband with an average sort of divide-the-work home. One day Casimir straggles up the front steps at day's end to find Rosamond, his wife, prostrate across the threshhold.

"Now what?" demands Casimir, as almost any husband would under the circumstances. "Ain't dinner ready yet?"

"Pills," gasps Rosamond. "Get me my vitamin pills!" He does, and she swallows half a dozen, thus being enabled to sit up. She glares at him and he fidgets, trying to remember where he was last night.

☆ ☆ ☆

"I have been keeping track of the commercials," Rosamond murmurs weakly, "and do you know what? In the last month alone I have washed 14½ tons of dishes, lifted 22¾ tons of laundry, exerted 18,472 pounds of pressure pushing electric switches, pushed the vacuum cleaner 69 miles, run the can-opener through 94,299 inches of tin, raised and lowered windows a total of 703 feet by exerting a force of 66,336 pounds and walked the distance from Lake Erie to Hollywood."

**"And then I figured out all by myself," signs Rosamond, "that I also cooked 2,493,046¼ feet of spaghetti. I'm tired."**

☆ ☆ ☆

Some husbands would be at a loss under the circumstances now facing Casimir, but he has seen this coming on and is ready for it. He lifts Rosamond to her feet, escorts her to the dining room table and produces a pencil and paper.

"Lookit, honey," he says gently. "I weigh 202 pounds, right?"

"You are overweight," she replies, as any wife would.

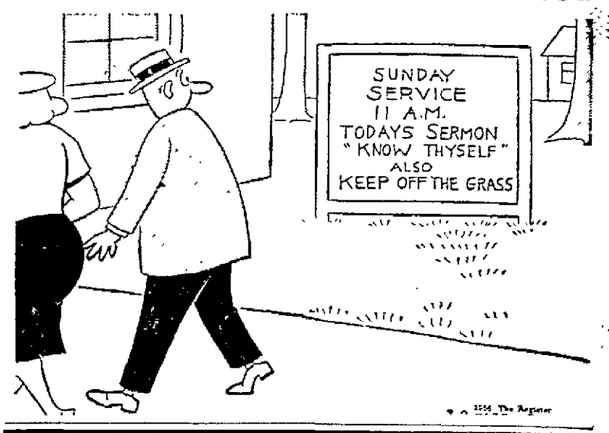

"That is neither here nor there," Casimir retorts. "I weigh 202 pounds, OK. So every second I sit at my cluttered desk downtown, I am supporting 202 pounds. That means that every minute I sit there, I am supporting 12,120 pounds. In an hour that's 727,200 pounds. In an eight-hour day, allowing an hour off for pencil sharpening and going to the water cooler, that's 5,090,400 pounds I support, just sitting there. Now multiply that by a month . . ."

**Rosamond is on her feet by this time, looking carefully at Casimir's figure. She shakes her head. She says, "No wonder you're shaped that way. We've just got to get you a job that keeps you on your feet."**

BOB CONSIDINE

# Correspondents Fail To Rotate

WASHINGTON — Through the courtesy of Corn Products Inc., believed to be makers of corn products, Attorney General Herbert Brownell announced to the nation that the government is suing General Motors. Revenooers caught GM red-handed, making busses.

At least, it sounded something like that. I was too busy watching Martha Rountree and her covey of rotating Washington correspondents but not one of the boys rotated. All the advance publicity on the new TV show on which Brownell announced a major Eisenhower Administration policy and perhaps election year strategem told us to be on the lookout for Miss Rountree's brilliant band of "rotating correspondents."

The brethren couldn't move off a dime. They stood or sat there still as stones, to the plain disappointment and what might have been the despair of that happy, laughing girl who with another gay soul, my friend Lawrence Spivak, put across "Meet The Press" years ago.

☆ ☆ ☆

The happiness pair fissioned with muted snarls and radioactive fallout some time back. Miss Rountree's return to the air, with dozens of Washington correspondents who may have to be taught to pirouette if "Press Conference" is going to appeal also to the children, promises to produce a lively TV vendetta in the coming months.

**And such a dilemma—are there enough politicians to go around? Which of these two frankly competitive and guest devouring shows gets first dibs on the available talent? Will Brownell now be barred from "Meet The Press"? Will politicians in time be afraid to accept the Corn Products bid for fear of offending Revere Copper or Pan Am? Will they go off somewhere with their public announcements and never make them known? Can Frank Folsom invent a rotating mike for rotating questions? Will Willie Mays return to baseball?**

How about all those other TV political inquisitions which originate from the Capital? What can they do to match Miss Roumtree's presently anchored but soon-to-be-twirling newsmen? Bring in acrobats? Send for Sullivan for jokes?

# Family Reunion At The Bumsteads

It was a happy week-end at the home of Dr. and Mrs. Carl Bumstead—Dr. Bumstead's two sons-in-law and daughters, Mr. and Mrs. Alfred McCallum of Pasco, Wash., and Mr. and Mrs. Joseph Krohn of Ulysses, soon of Ft. Bragg, Calif., and five grandchildren are here for a visit.

Mr. and Mrs. McCallum who, by the way, will be moving soon from Pasco to Olympia, Wash., and their three children, Peter, Mike and Mary Carla, arrived a few days ago, and the family group was completed on Friday when Mr. and Mrs. Krohn and their three children, Marcia, Janey and Stephen, came from Ulysses. Mr. and Mrs. Krohn and their family will be leaving within the next two or three weeks for their new home in Ft. Bragg where Mr. Krohn will be in the banking business.

In the picture, left to right are Mike and Mary Carla McCallum, Mr. and Mrs. McCallum, Peter McCallum; Marcia Krohn, Mrs. Krohn and Janey.

Both Mrs. McCallum, the former Dorothy Bumstead—and Mrs. Krohn, the former Mary Margaret Bumstead, are Alpha Phis at Nebraska.

# Town Talk

HERE it is — Monday morning again and a whole week of news ahead of us—The travel angle comes to the fore this ayem, but there also is news of guests, and of popular brides-elect — plus this and that and one thing and another—

One of our travelers, Miss Sally Adams, planed off on Saturday for Washington, D. C., where she will spend some time as the guest of Mr. and Mrs. Charles Thone (Ruth Raymond), formerly of Lincoln. From Washington Miss Adams will go to Cambridge, Mass., where the wedding of her brother, James Adams, and Miss Virginia Mann will be solemnized at Christ Church, Episcopal, on July 24.

Leaving Lincoln for Cambridge the coming week-end will be Miss Mann's parents, Mr. and Mrs. Hubert Mann, and taking off on Tuesday, July 17, for the wedding will be Mr. Adams' parents, Mr. and Mrs. Charles Adams, and his sister, Miss Ruth Adams, of Aurora.

The ceremony will be solemnized at high noon, and the bride's matron of honor and only attendant will be her sister, Mrs. John Rudy of Augusta, Ga. William K. Martini of Winslow, Ariz., will serve Mr. Adams as best man.

Miss Mann, a graduate of the University of Nebraska, where she is an Alpha Chi Omega, is careering in Cambridge and Mr. Adams, a graduate of George Washington University, has completed his first year at the Episcopal Theological School in Cambridge.

SINCE we seem to be on bridal topics we'll continue with an announcement of the attendants for the wedding of Miss Nancy Swanson and Roger von Gillern which will take place on Saturday, Sept. 15, in the chapel of the Westminster Presbyterian Church.

-Miss Swanson has chosen her twin sister, Miss Jean Swanson, as her maid of honor, and the bridesmaids will be Miss Holly Hawke, Miss Harriet Saville, and Miss Mary Hall of Holdrege. Miss Carolyn Carter and Miss Jeannette Turner will light the candles.

Jack von Gillern will serve his brother as best man.

HEAR that Mr. and Mrs. Edwin DuTeau have a pair of young house guests—their grandsons, Garry and Russell, who arrived a few days ago from Atlanta, Ga., accompanied by their father, Jack DuTeau. After a very brief visit Mr. DuTeau will return to Atlanta, leaving the boys for a two weeks' stay with their grandparents. Later this month Mr. and Mrs. DuTeau will come from Atlanta to accompany their sons home.

SOMEONE told us that Dr. and Mrs. George Place and their family are back in town after a week's holiday at Vacation Village, West Okoboji Lake.

# Honeymooners Visit In Lincoln

Arriving in Lincoln on Saturday to spend the week-end were Mr. and Mrs. Richard Sandler who are the house guests of Mrs. Sandler's Wellesley classmate, Mrs. W. James Wells (Paula Broady) and Mr. Wells.

Before her marriage in New York on June 30, Mrs. Sandler was Susan Beck of New York City. Mr. Sandler, a Harvard Law School graduate, and his bride are motoring west on a leisurely trip after which they will return to Verona, N. J. where the bridegroom is engaged in the practice of law.

In the picture we find Mr. and Mrs. Sandler (left) taking considerable interest in the wedding album of Mr. and Mrs. Wells.

# THE STAR IN SUBURBIA

It always is delightful conversing with the residents out in Cotner Terrace each week—for if they have had no recent social gatherings, they are eager to direct you to a neighbor who is leaving or returning from a vacation; or who is planning a party, or family-get-together. And with the current week including the Fourth of July holiday, it is small wonder we learned of many such social activities.

Fishing and boating highlighted the day for Mr. and Mrs. Robert Hawkins, their children Evelyn and Bobbie, and Mr. and Mrs. Harold Hawkins and their children Wesley, Jimmy, and Gerald, when they spent the Fourth at the state recreation park and lakes in Fremont.

Also enjoying the holiday, were Mr. and Mrs. Wallace Kruger and their children, Kathy and Gary, when they spent the day in Omaha visiting Mr. and Mrs. Donald Steinacher, and son, David.

Vacationers leaving Wednesday from Cotner Terrace are Mr. and Mrs. Richard Matthews, who are spending a few days in St. Louis, Mo., where they plan to attend several ball games. Their two daughters, Jean and Barbara, will remain in Lincoln with their grandmother, Mrs. LeRoy Matthews.

Summer weather and picnics definitely are compatible—and we imagine that Mr. and Mrs. Edward Schultz and the three young Schultzes, Pam, Jerry, and Ronnie enjoyed the picnic supper at the home of Mr. and Mrs. James Vaughn, Jimmy, and Debbie, last Wednesday.

Understand that Mrs. John Hense has returned home from Burbank, Calif., where she had been spending six weeks as the guest of her son-in-law and daughter, Mr. and Mrs. Warren Parsons, and their very young son, John. And Mrs. Hense arrived in town just in time to attend the Fourth of July family party at the home of Mr. and Mrs. Ervin Hense and their children, Cindy and Steve.

Several families who gathered at the home of Mr. and Mrs. Roy Buchanan, Jr., Burr, for the Fourth of July were Mr. and Mrs. Leland Ward, Mr. and Mrs. Homer Ward, Mr. and Mrs. Homer Ward, Jr., and children; Mr. and Mrs. Roy Ward, Mr. and Mrs. Harold Cudaback, and family, all of Lincoln; Mr. and Mrs. Reuben Ward and family, Portland, Ore., Mr. and Mrs. Roy Buchanan, and Mr. and Mrs. John Buchanan and children, Burr.

Leaving for Minnesota, Friday, are Mr. and Mrs. T. E. Hannaman, and their four children, Kenneth, Connie, Kathy, and Douglas, who have planned a week of fishing and vacationing.

And home again are Mr. and Mrs. James Rodzielski, their daughter, Jane, and Mr. and Mrs. Darrell Hermann who returned last Sunday after a week of fishing and swimming at Lake Okoboji.

Presume that Mr. and Mrs. Clarence Hawthorne and their children Bill, Carol, and Nancy, Giltner; Mr. and Mrs. Ezra Kremer and their children Richard, Ronald, and Marilyn, Aurora, enjoyed the picnic supper at the home of Rev. and Mrs. Forrest Morningstar, last Saturday evening, in honor of the Hawthorne family, who is leaving soon to reside in Longmont, Colo.

Mr. and Mrs. Ray Rothwell, and Stephen, had a barbecue party last Tuesday evening when their guests were Mr. and Mrs. Jack Kidner, Mr. and Mrs. Claus Johnson, Wayne and Joel, Mr. and Mrs. Gene Kelley, Mr. and Mrs. Dale Wiseman, Mr. and Mrs. Bob Braun, and Larry, Mr. and Mrs. Eddie Petri, Barbara, and Dennis.

Leaving Cotner Terrace on Saturday, to spend a week with Mr. and Mrs. Maurice Dwinell in Creighton, were Mr. and Mrs. A. L. Young and their children Cheryl, Larry, and Linda.

# Madam Chairman

EVENING

Mrs. JayCees bridge group IV, 8 o'clock at the home of Mrs. Robert Camp, 3044 South St.

Cornhusker Toastmistress Club, 6 o'clock dinner at the Capital Hotel.

# Moving To Minnesota

Leaving the past week-end for Denver were Mrs. Robert Malone and her son Robert, who will be the guests of Mrs. Malone's parents for a few weeks before going on to Minneapolis where they will join Mr. Malone and where the family will reside.

Mr. Malone, a June graduate of the University of Nebraska, also left during the week-end for Minneapolis where he has accepted a position with IBM, and we hear that his spare moments will be devoted to house-hunting.

# THE BRIDES' BOOK SAYS:

Announcing plans for an early autumn wedding this morning is Miss Lou Ann Rogers, daughter of Dr. and Mrs. Earl A. Rogers, who has chosen Saturday, Sept. 8, as the date for her marriage to Arza J. Snyder, son of Mr. and Mrs. P. R. Snyder of Davenport.

The ceremony will take place at the College View Presbyterian Church.

For her maid of honor, Miss Rogers has named her sister, Miss Sharon Rogers, and her bridesmaids will be Miss Pat Glaser and Miss Donna Terpsma. Lighting the candles for the service will be Miss Brenda Kraatz of Firth and Miss Sara Hauserman of Central City.

Gerald Langemeier of Wayne will serve Mr. Snyder as best man, and seating the guests will be Roger Nelson of Davenport and Marion Freed of Loomis.

Honoring the bride-elect later this month will be Miss Glaser and Miss Terpsma who will be co-hostesses the evening of Tuesday, July 24, at the home of Miss Terpsma. A kitchen shower will be presented to the honoree.

Both Miss Rogers and her fiance are students at the University of Nebraska where the bride-to-be is a member of Kappa Delta sorority, and Mr. Snyder is a member of Alpha Gamma Rho.

The wedding of Miss Marlene Gay Fleischmann and George Mink of Omaha will be an event of Sunday, August 5, and the ceremony will be solemnized at 3 o'clock in the afternoon at the First Presbyterian Church.

Miss Karen Newton will attend Miss Fleischmann as her maid of honor, and the bridesmaids will be Miss Phyllis Waybright of Lincoln, and Miss Norma Sperling of Ord. Miss Debra Kay Miller of Ashland will be the flower girl.

Serving his brother as best man will be Elwood Mink of Omaha, and the ushers will be Cal Helme and John Miller, both of Omaha. Preceding the service, the candles will be lighted by Robert Mink of Omaha, also a brother of the bridegroom, and Gary Fleischmann, brother of the bride.

Next Wednesday, Miss Fleischmann will be the honoree at a personal shower for which Miss Karen Newton and her mother, Mrs. James Newton, will be hostesses at their home. The group of 14 guests will include Miss Jean White of Louisville.

The bride-to-be will go to Omaha on Saturday morning when she will be the guest of honor at an informal coffee for which her fiance's mother, Mrs. George Mink, will be hostess at her home to 18 guests.

Miss Fleischmann and her fiance are students at the University of Nebraska where the bride-elect is a member of Alpha Xi Delta sorority and Mr. Mink is a member of N Club.

This morning, Miss Phyllis Waybright is revealing plans for her marriage to Rolland S. Weisser which will be solemnized on Saturday, August 18. The 11 o'clock morning ceremony will take place at Blessed Sacrament Church.

Attending her sister as maid of honor will be Miss Marilyn Waybright, and the bridesmaids will be Miss Jane Hoover and Miss Roma Leichner.

Dean Hatch will serve as best man, and the corps of ushers will include Loren Weisser and Jerome Weisser, Jr., brothers of the bridegroom, and John Reis, Mr. Weisser's brother-in-law.

The bride-to-be, who is an Alpha Xi Delta at the University of Nebraska, was honored recently when Miss Jane Hoover entertained 12 guests at her home. A miscellaneous shower was presented to the honoree.

Miss Waybright also was the guest of honor at a surprise shower recently when members of the O-Ki-Ci-Ya-Pi troop of Camp Fire Girls, of which she is leader, entertained at the University of Nebraska WAA cabin. Assisting hostesses were Miss Lois Kattner and Miss Roma Leichner, the troop's assistant leaders.

# Carol McCown, Bride

MRS. DONALD STRASHEIM

White gladioli appointed the chancel at Trinity Methodist Church for the Sunday afternoon wedding of Miss Carol McCown, daughter of Mrs. Marie McCown of Beatrice, and Lorin McCown of Covina, Calif., and Donald Strasheim, son of Mr. and Mrs. John Strasheim of Kimball. Dr. Vance Rogers solemnized the 4 o'clock service and the wedding music was played by Dr. Charles Tripp, organist, who also accompanied the vocal soloist, Miss Janice Wagner.

White frocks in the empire mode, sashed with yellow velvet ribbon, were worn by the attendants including Miss Jerrie Langelett of Sioux Falls, S. D., the maid of honor; Miss Margie Schurman of Omaha, and Miss Jean Poling. Beatrice, the bridesmaids. Their crescent bouquets were fashioned of white Marguerite daisies.

Jerry Strasheim of Kimball served his brother as best man, and the ushers included Dick Strasheim, Kimball, brother of the bridegroom; C. R. McConnell, James Schleiger and William Taylor.

For her wedding the bride chose a gown of Swiss embroidered white organdy over tulle in the daffodil tone. The fitted bodice was designed with an off-shoulder neckline that slipped into brief sleeves and was contoured with diagonal folds of the daffodil tulle. Tiers of embroidered [illegible] lined with pleated daffodil yellow tulle, created the extremely bouffant skirt that was completed with a cathedral train. Her double-tiered shoulder-length veil of illusion was held to the head with a calot of Swiss organdy, and she carried a cascade bouquet of white roses and stephanotis.

After the reception, held in the Great Hall of the church, Mr. Strasheim and his bride left for a honeymoon trip and upon their return they will reside at 1300 So. 19th. For traveling - Mrs. Strasheim wore a black and white ensemble with black patent accessories.

The bride is a graduate of the University of Nebraska where she is a member of Gamma Phi Beta sorority. Mr. Strasheim also was graduated from the University of Nebraska and is a member of Phi Gamma Delta fraternity.

# Adjournment Near, But Congress Has Many Important Bills Awaiting Action

WASHINGTON (AP) — Congress is shooting for adjournment in two to four weeks, and there are still many important bills remaining for consideration.

Not all of these will be passed, in all probability, but House and Senate leaders expect to send most of them to President Eisenhower's desk before they get out of town.

House leaders are saying they expect the session to wind up July 28 or Aug. 4. The latter date is just a week before the Democratic National Convention convenes in Chicago.

Senate sources, for once, appear a bit more optimistic; some said the windup could come by July 21. Usually, it is the Senate which holds up adjournment.

The House eased Senate problems last Thursday by scuttling the school construction bill. But, even with that dropped from the program, these major bills remain

A foreign aid money bill. This is likely to cause hot debate in both branches The House Appropriations Committee has slashed it to $3,665,000,000, far below the $4,900,000,000 asked by Eisenhower. The authorization bill which sets the foreign aid ceiling is not yet through Congress, but a compromise agreement was reached on a $4,014,000,000 figure Friday by a Senate-House Conference Committee.

**Social Security**

A Social Security bill. The House passed this last year, lowering the retirement age for women to 62 and establishing new payments for persons totally disabled at age 50 or higher. The Senate Finance Committee knocked out most of these benefits, but Democratic leaders have been working strenuously on a compromise to try to restore them on the floor, and now believe they have one.

A $1,733,600,000 supplemental appropriations bill most of this money is for military construction at posts and bases throughout the nation, but there are funds for numerous government agencies.

Another supplemental money bill with funds for the Atomic Energy Commission.

**Housing Tied Up**

An omnibus housing bill. This has passed the Senate, but now is tied up in the House Rules Committee in a fight over public housing provisions.

The House has scheduled action on the two big money bills—foreign aid and the supplemental measure—in the week ahead.

These are other important measures which may get through:

A $1,100,000,000 authorization bill for flood control and navigation projects over the country. This has cleared the House Public Works Committee; there has been no Senate action yet.

**Postal Rates**

A bill to increase postal rates $430,100,000 a year. Among other things it would require a 4-cent stamp on a first class letter that now goes for 3 cents. The House passed this Friday, although it is unusual to increase postal rates in an election year.

A customs simplification bill long sought by the President. It was passed by the House last year; the Senate Finance Committee is to meet in closed session on it Monday.

A depressed areas bill carrying a variety of government aids for communities with heavy unemployment. It has been approved by the Senate Labor Committee and may come up on the floor this week; there has been no House action yet.

A bill to liberalize farm credit terms administered by the Farmers Home Administration. It has passed the House and has been approved by a Senate subcommittee.

## BUILDUP OF WATER SUPPLY SAID NEEDED BY TRI-COUNTY

### . . . Canaday Says Enough On Hand For This Year

By RICHARD FELLMAN
Star Staff Writer

BRADY, Neb — Ample water exists for meeting irrigation commitments for all of this year's and the 1957 irrigating season, but unless there is a buildup of water reserve within the next two years, the Central Nebraska Public Power and Irrigation District, supplying water in central Nebraska, will face a water shortage, Ralph O. Canaday, manager and secretary said Sunday.

According to Canaday, the drought of the past three years has reduced the level of water in Lake McConaughy, the only source of supply for the Tri-County irrigation area, to the lowest level in 11 years.

Water level, which was 1,940,000 acre feet (one acre covered with water one foot deep) in 1951, is now down to approximately 750,000 acre feet.

Canaday spoke to a group of newsmen at Jeffrey Lake Lodge to begin a tour of the Central Nebraska Public Power and Irrigation District.

The Tri-County area, consisting of Gosper, Phelps and Kearney Counties, is furnished with water for some 116,000 acres. In addition, 125,000 acres are given supplemental irrigation, all through "on river ditches."

If sufficient water reserves are not built up in the coming two years, and a substantial increase is anticipated with the heavy mountain snows of last winter, a spokesman for the Central District said "there will be trouble ahead."

Beginning at the Hastings headquarters of Tri-County's operations Sunday's tour went through Holdrege and Lexington, visiting the main shop in Gothenburg. The evening was spent at its man-made lakes and power basin with a tour of Kingsley Dam, Lake McConaughy and the University of Nebraska North Platte experimental station ahead for Monday and Tuesday.

## Boy Scouts, Cubs Have Day Camp

"Day camps" for Boy Scouts and Cubs, an innovation in the Cornhusker Council's summer program, are being held at Camp Minis Kuya near Lincoln.

Scouts are attending on Monday, Wednesday and on Friday night until Saturday noon. Cub days are Tuesday, Thursday and Friday.

More than 100 Scouts and nine leaders are camping this week at the Cornhusker Scout Reserve near Humboldt, newly opened this summer.

## State's Demo Delegates Nix Unit Commitments

### . . . Stevenson Meets With Leaders

By ROY CAMPBELL
Star Staff Writer

Nebraska's delegates to the national convention reported, following an organization meeting in Omaha, a desire to present a "united front" in withholding commitments to any presidential candidate at this time.

The delegation concurred in its thinking that as a unit commitments would be withheld until the Chicago convention sessions.

The delegates along with prominent Nebraska candidates, including Frank Sorrell, gubernatorial candidate in Nebraska, met with Adlai Stevenson during an informal session at the home of Bernard Boyle, national committeeman from Nebraska.

Stevenson's deputy campaign manager, Hyman Raskin, Chicago attorney, reported following the meeting that 10 of the 12 delegates could be counted on to support the former Illinois governor.

However, three of the delegation previously had committed themselves to voting for Kefauver on the first ballot.

**Boyle Chairman**

The selection of Boyle as chairman of the delegation prompted party members in Omaha to feel that harmony will persist in Democratic circles in the state.

The meeting with Stevenson, following by about two months a similar meeting with Kefauver, was informal and little buttonholing was carried on

Observers felt this indicated either that Stevenson held little hope in gathering support from the Nebraska delegation or that the support was already there and little work had to be done to keep it.

One spokesman of the delegation said following the organization meeting Saturday that there was a definite indication of a desire of the delegation to work together.

**More 'Guessing'**

There was no effort made to get a firm commitment on any candidate at this time.

The official said Raskin's report of Stevenson's support was more of a guessing estimate than a confirmed commitment.

Stevenson during his talk at the Boyle luncheon told the gathering of Democrats "You will have no trouble getting me if you want me." He said his and Kefauver's jaunts throughout the country have "by no means been a loss to the Democratic party."

The tours gave both candidates a "chance to spread the Democratic gospel to the people of the nation," he said.

**'Amused, Irritated'**

The presidential candidate said he was both amused and irritated by the farm situation. He said that when the Democrats wanted to raise farm prices, the Republicans charged demagoguery.

Then the Republicans did the same thing, he said, and praised themselves for doing a good job. He said the Republican farm program consists more of flexible principles and fixed prices than flexible prices and fixed principles.

Earlier, following a tour of farm areas in Nebraska, Iowa, and Illinois, Stevenson said farmers need emergency help and recommended a program of "sensible supports" and better acreage controls with higher prices

He urged wheat farmers to vote for the forthcoming acreage referendum in an attempt to reduce acres and insure higher prices.

Dodge; two daughters, Mrs. Paul Roe of Hickman, Neb., and Mrs. Victor Kasl of Swanton, Neb.; two sons, Albert Rymes of Long Beach, Calif., and Arthur Rymes of Oakland, Calif.; three sisters, Mrs. Frank Offer of Lincoln, Mrs. Ben TeSelle of Holland, Neb., and Mrs. Gertrude DeVeries of Firth, Neb.; three brothers, Will Lefferdink of Denver, Colo., Garret Lefferdink of Lincoln, and Ben Lefferdink of Holland; and several grandchildren and great-grandchildren.

## *Polk Sunday Schooler Prefers Rock And Roll*

POLK, Neb. (AP) — Four-year-old Donnette Ostberg of Polk didn't appear to like the Sunday School singing at the Polk Methodist Church.

After several starts, she plunked her elbows down on knees and put her head down.

Someone asked: "What's the matter, Donnette, don't you like to sing?"

"Yes," came the answer, "but I'd rather sing the Rock and Roll Waltz—I know it better."

## 16,000 In St. Louis Without Gas As Strike In 8th Day

ST. LOUIS (AP) — About 16,000 persons were reported without gas service Sunday the eighth day of a strike by employes of Laclede Gas Co., who have ignored a state seizure order and punitive court action imposed in an effort to get them back to work.

The firm, which supplies natural gas to residents of the city and county, said it had received calls from 28 additional areas which reported gas service had been cut off

Included were a number of homes in suburban St Ann, where Laclede said someone had injected water in a gas line. Other instances were reported where residential sections were deprived of service by unidentified persons turning gas shut-off valves

Officers of the Oil, Chemical and Atomic Workers Union, which represents the 2,200 strikers, said:

"Our union is greatly disturbed by reports of disturbances and possible illegal acts by unknown persons.

Police also reported that three bricks were hurled through a window at the surburban Affton home of Max W. Paffrath, Laclede department head, while he was dying of a heart attack in a hospital.

## Delay For Greeter

DAR-ES-SALAAM, Tanganyika, (AP)—Visiting Indian Vice President Sarvapalli Radhakrishnan arrived here half an hour early and his plane had to circle the airport to give Gov. Sir Edward Twining time to get there to greet him. Radhakrishan is on a world tour.

## Seaton Says Any 'Giveaways' Administration 'Inadvertence'

WASHINGTON (AP) — Secretary of the Interior Seaton said Sunday that if the Eisenhower administration has "given away" any national resources, "I'm sure that was an inadvertence."

Seaton, Nebraska and Kansas newspaper publisher, said that since he became secretary one month ago he has found no basis for Democratic "giveaway" charges aimed chiefly at his predecessor, Douglas McKay.

Interviewed by Rep Keating (R-NY) in a program filmed for television use in upstate New York, Seaton said that "to be frank" he hasn't examined every transaction involving public lands since the Eisenhower administration took office in 1953

**Says Parks Enlarged**

But, he said, the administration has expanded the national parks and wildlife and game preserves and "certainly couldn't be the same administration that gave anything away."

"The whole conservation program is a live thing, a going thing and a growing thing," he said, adding.

"Now if we've given anything away, if that should have happened, I'm sure that was an inadvertence."

Seaton was sworn in as secretary on June 8. McKay had resigned to run for the Senate in Oregon as the Republican challenger of Democrat Wayne Morse.

**Niagara Discussed**

Keating sought Seaton's views on whether the Niagara River water power development project in New York state should be handled by private utilities or by the federal and state governments.

Seaton said his department has no direct interest in this project but added.

"As to the extent of participation of private power companies in the field of manufacturing power, my personal philosophy on that is that that is a question for the people in the area to solve."

**Local Preference**

He said local preference should be observed "as much as is humanly possible and practically possible."

Turning to politics, Seaton said he believes the people of his home state, Nebraska, "are just waiting for another opportunity to vote" for Eisenhower and Vice President Nixon.

Seaton, who was an assistant to Eisenhower before he joined the cabinet, was asked whether Eisenhower, after his heart attack last September, has "his hand on the helm at all times

"He certainly did, and he does now," Seaton replied

## State Photographers Open Omaha Meeting

OMAHA (AP)—The Nebraska Professional Photographers annual convention opened Sunday with about 200 persons attending.

The delegates spent the afternoon hearing about new techniques in the photographic field and viewing displays of 16 national exhibitors.

Election of officers and award presentations are scheduled for Monday. Carl Landgren of Schuyler is president of the group

## STANTON DELAPLANE
## POSTCARD

Someday soon I think we should straighten out just who won the West. Was it breakfast food? Or Mr. John Wayne? The U.S. Cavalry or the pesky nesters?

My grandpa who blamed nearly everything on the trusts, said the railroads won the West. He said the trouble was once they won it they wouldn't give it back. And charged outrageous freight rates to boot.

However, if you ask me, the West was won by the man who figured out that if you ran a compressor you could refrigerate anything from a side of beef to a tourist.

Air-conditioning won the West. And none too soon.

From Pueblo, the highway runs straight as fence wire across Kansas to Wichita where the landlord put me in a room to freeze.

It was 102 outside and the people of Wichita said it was unusual weather. Unusual for this time of the year. It was supposed to get warmer.

"What would you like to see?" they said.

"An iceberg. I would like to see a great big iceberg with shelves in it full of ice cold lemonade."

"You ought to see Cowtown. Very interesting."

"I have no racial feeling against cows," I said. "But why don't we invite them over here. We could get a couple of select cows in here."

"There are no cows in Cowtown," said the Wichita man. "It is a historical center. Wouldn't you like to tell your grandchildren you saw the very jail where Wyatt Earp put his prisoners?"

So, in the interests of historical research, we drove out to Cowtown.

The car was air-conditioned and cool as a spring morning. Ah, these Kansans! Cool cats.

☆ ☆ ☆

Kansas, like a good deal of the West, has discovered its history lately.

It was not until the Seventies that the railroads pushed into the State and made an Eastern market for Texas cattle coming up to Abilene, Wichita and Dodge City.

Along with them came the bad guys and the good guys and the frontier marshals like Wyatt Earp and Bat Masterson. And if it hadn't been like this, television would be in a sorry shape today, I can tell you.

Wichita's Cowtown has the first house in the country. A two-story willow frame lath house plastered over and restored.

They have moved out an old drugstore and the first church and all sorts of old buildings that had fallen into dis-repair and were being used as warehouses.

The Wichita man said some of the local council was against the project. They thought it was foolish and a waste of money to haul old buildings around. History was too close to them to get a perspective.

The project is all financed by local contributors. Santa Fe gave an old station and would give them an engine and a long track to run it around. A dairyman was fixing up the drugstore and the ironwork first soda fountain.

☆ ☆ ☆

The jail was a wooden shack affair with iron plates bolted over some holes in the wall where oldtime bad guys got tired of being cooped up by the good guys and sawed their way out.

There were carvings on the wall. Oklahoma Kid cut his name in the wall in 1884.

An iron plaque on the outside wall said it was dedicated to Wyatt Earp and other frontier peace officers. A few weeks ago, a Pinkerton man came out and looked at it and told the Cowtown people someday they would take it down.

He said Wyatt Earp was not a good guy, maybe even a bad guy. No matter what it said on TV.

"It is a fact," said the Cowtown man, "that the town records show Wyatt Earp left Wichita with some of the license money he collected."

It was no air-conditioned jail, I can tell you. And if Earp had to spend much time around it, I figure he was a hero anyway you look at it.

## Redlegs Outhit 12-4, Beat Cardinals 3-2

CINCINNATI (AP) — Cincinnati's Redlegs had to come from behind Sunday with three runs punched across in the seventh inning to edge St. Louis' Cardinals 3-2 and preserve their slender National League lead in a single Sunday game. Reliefer Hershell Freeman had to snuff out a brief Cardinal rally in the ninth to preserve the win.

The Redlegs got only four hits while the Cardinals sprayed a dozen around Crosley Field that yielded their two scores.

Joe Nuxhall collected the victory, his sixth of the season. The Cards reached him for 10 of their hits and both their runs before he was replaced in the eighth.

Willard Schmidt limited the Redlegs to two hits, a double in the second and a single in the fourth, before he weakened in the seventh and yielded the mound job to Herm Wehmeier.

But the Cardinal starter had to pitch his way out of trouble in the first and third innings after walking two Redlegs in each.

Wehmeier faced only three men, but took the loss after the two tying Redleg runs came across during his pitching time. Don Liddle finished for the Cards.

A timely single by Wally Post brought the Redlegs even with the Cards 2-2 in the seventh.

Third-sacker Ray Jablonski and Roy McMillan walked at the start of the inning, and after pinch-hitter Jim Dyck sacrificed, Johnny Temple also walked.

Then Post came through with his single, and Jablonski and McMillan scooted home. Gus Bell grounded out to Musial, allowing Temple to sprint across with the winning tally.

## Brooklyn, Phillies Divide

PHILADELPHIA (AP) — Brooklyn and Philadelphia divided a doubleheader at Connie Mack Stadium Sunday, the Dodgers taking the first 9-2 on big Don Newcombe's four-hitter and the Phillies the nightcap, 3-2, on a three-run double in the sixth by Willie Jones.

Jones' smack extended his current hitting streak to 17 consecutive games.

Protecting the Phillies' nightcap victory was Jack Meyer, who hurled one-hit ball for four innings in a relief stint for Ron Negray.

Negray held the Dodgers to six hits in his term. But he left for a pinch-hitter in the fifth with a 2-0 deficit which stemmed from a Gil Hodges triple before Jack Robinson was hit by a pitch. The former scored on an Andy Seminick throwing error. Robinson came in on Rube Walker's double.

## Monte Irvin Powers Cub Uprising

MILWAUKEE (AP)—Monte Irvin's grand-slam home run climaxing a five-run uprising in the ninth inning gave the Chicago Cubs a 10-6 victory Sunday over the Milwaukee Braves before a crowd of 34,868.

Irvin's blow, a line drive well up in the center-field bleachers, was his eighth of the season. It came off Gene Conley, who had relieved starter Bob Buhl in the third, and made Turk Lown, who had gone to starter Bob Rush's rescue in the eighth, the winning pitcher.

Until the Cubs rallied, Joe Adcock was the game's hero with two home runs for the Braves, his 11th and 12th of the year. Eddie Mathews also hit his 12th for the Braves and Gene Baker his seventh and Hobie Landrith his third for the Cubs.

## Buchholz Annexes Mo Valley Title

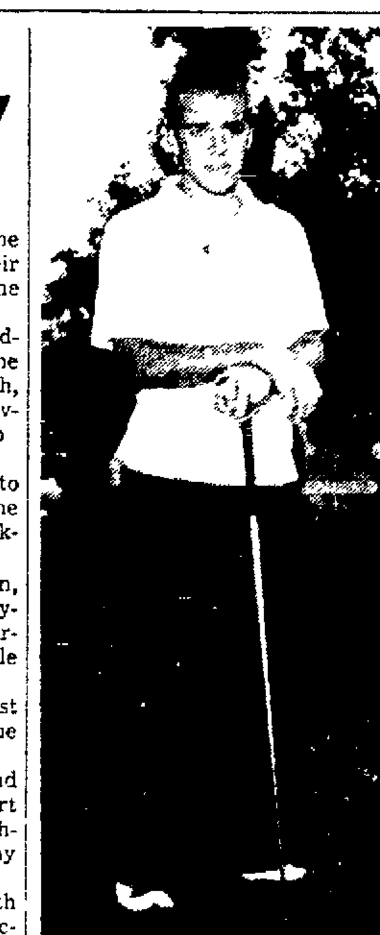

OMAHA (AP)—St. Louis and Oklahoma City net stars carried home the major honors Sunday as the Missouri Valley tennis tournament came to an end.

Earl Buchholz, 16, of St. Louis, defeated Eddie Sledge of Dallas, Tex., national interscholastic champion, 6-4, 7-5, 6-4, for the men's singles championship.

Bev Tolan, 19, also of St. Louis, defeated the second-seeded player, Doris Popple of Des Moines, Iowa, 7-5, 6-2 for the women's singles crown.

**Gene Land and George Counts, second-seeded duo in men's doubles from Oklahoma City, whipped Len Prosser of Leewood, Kan., and Alex George of Kansas City, 3-6, 6-1, 6-4, for the doubles title.**

**Teddy Dukeminier of Oklahoma City teamed with Nancy Armor of Dallas to defeat Owen McHaney of Little Rock, Ark., and Miss Popple, 6-2, 4-6, 6-1, for the women's doubles championship.**

## State Golf Test On Tap This Week

By DON BRYANT
Sports Editor, The Star

The cream of Nebraska's far-flung crop of golfers will gather at the Lincoln Country Club this week in quest of the Men's State Invitational Golf Tournament title.

Actual firing in the three-day, 72-hole, medal-play tourney opens Wednesday with an 18-hole round. Another 18 is slated Thursday and then the field will be cut.

Championship flighters will wind up with 36 holes on Friday, while competitors in the President's, Lincoln Country Club and the two Senior Flights will go another 18 on Friday for a 54-hole total.

**This will be the first year that the winners will be determined by medal play. In past years champions were decided in match play.**

Preliminaries will start Monday when the elite of the state's club-swingers partake of practice rounds. And on Tuesday a pro-amateur contest will be held.

**Course Fast**

According to Host Pro Bud Williamson, the fellows who are hitting long and straight will have the inside track on the 1956 crown.

"The course is drying and is becoming very fast," Bud said Sunday. "And the roughs are quite heavy. We plan to leave the roughs as they are and the greens firm.

"It will be dangerous to get in the rough, because they'll have to hit irons well on account of the fast greens," he added. "The boys who go straight should be in good shape."

**Bud thinks a 36-hole total of 152 to 154 will qualify for the championship flight and Friday's finals.**

And as for individuals, he puts the finger on defending champion Bill Astleford of Omaha, Dick Spangler Jr., of Lincoln—recent Mississippi winner and ex-Nebraska champ—"and possibly Bill Mowbray, although he hasn't played much this year."

Glancing over the early entries reveals a list of Who's Who in Nebraska golf.

From Lincoln will come such stars at Ralph (Whitie) Reed, Gene Chadwell, Dick Spomer, Sam Spomer and Herb Deurmeyer.

Young blood will be supplied by Matt Taber, Buddy Williamson, Gary Gruenemeier and Merle Backlund, ex-Colorado U. golfer just returned from service duty.

Omaha will send a delegation which will include Bob Fraser, Milt Beal, Mark Stevens, Sam Alexander, Walt Smola, Lou Dropinski, Ed Printz, Ed Krawczyk and Bob Epstein, state high school champ.

Among the other entries:

**Beatrice**—Carl Poling and Herb Weston.

**Pawnee City**—Nelson Jensen and Chuck Jensen.

**Norfolk**—Don Bridge, Fred Marconnit, Gary Blakeman and John Butterfield.

**Broken Bow**—Lyle Teel.

**Hastings** — Wally Hopp, state sand greens champ.

**North Platte**—Dean Candea.

**Grand Island** — Jack Moore, Jerry Murphy and Glenn Smith.

**Expected to be vying for honors in the Senior Flights will be such veterans as Don Pegler Sr., Hal Bowers, C. W. D. Kinsey, Dick Rogers and C. E. Swanson, all of Lincoln; Sam Reynolds and Jack Allgaier Sr., of Omaha; Mickey Krupinsky of Fremont; and Glenn Brawner of Nebraska City.**

## Open To Ziske

SYRACUSE, N. Y. (AP) — Joyce Ziske of Waterford, Wis., slipped to a 79 in Sunday's final 18-hole round of the Syracuse Women's Open Golf Tournament at Drumlins but her two previous record-breaking scores of 71 enabled her to hold off a flock of challengers and take down first-prize money with a 54-hole score of 221.

## Giants Hit 7 Homers But Split

NEW YORK (AP) — The last-place New York Giants smashed seven home runs, one short of the major league record, in walloping Pittsburgh 11-1 in the first game of a doubleheader Sunday, but the Pirates came back to win the nightcap 5-2 with Dick Groat's two-run double breaking a two-all tie in the eighth inning.

Willie Mays, Daryl Spencer and Wes Westrum each socked two home runs in the Giants' first-game runaway.

The second game was a pitching duel between the Bucs' Ron Kline and Al Worthington until the Pirates cut loose for three runs in the eighth. Rookie Bill Mazeroski singled to open the frame and a pinch infield single by Jerry Lync, batting for Kline, and a walk, loaded the bases to bring on relief Marv Grissom.

Groat tagged Grissom for the RBI double and a wild pitch got the final run home.

Pittsburgh pitchers were the victims of eight homers by Milwaukee in the first game of a double bill Aug. 30, 1953. The New York Yankees hit eight against the Philadelphia Athletics in the opener of a doubleheader June 28, 1939.

## Friend Spikes Rumor

NEW YORK (AP)—Bob Friend of the Pittsburgh Pirates, the probable starting National League pitcher in Tuesday's All-Star game, Sunday night spiked a report that he might have to skip the classic due to an "abscessed throat."

"I've had a little soreness in my throat," the 25-year-old right hander said, "but it's nothing that would keep me from pitching. I certainly have been looking forward to the All-Star game, and I wouldn't want any misunderstanding to foul things up."

## Boston Star Hits 399th Homer, Red Sox Rip Orioles Twice

BOSTON (AP)—Ted Williams reached the 1.500 runs batted in milestone in his major league career and came within one of his 400 home-run goal Sunday as the Boston Red Sox swept a doubleheader from Baltimore 9-0 and 8-4.

It was a fine afternoon for five players headed for Tuesday's All-Star game in Washington but Williams monopolized attention with five RBI's on a two-run homer, a double, two singles and a bases-loaded walk. Williams will be appearing in his 12th All-Star contest.

In the first game, Williams hit his 399th homer off Ray Moore with a mate aboard to give the Sox all the runs they needed in the first inning.

TED WILLIAMS

Then, Ted drove in the third run in the second inning by singling into the strength of the Williams' shift with a grounder second baseman Billy Gardner stopped in short right field.

Baltimore held a 4-0 lead in the second game when Williams got his 1,500th RBI on a pop-fly single to left which fell in the middle of three charging fielders. He thus became the 12th major leaguer to reach the magic number, his most recent predecessor being Joe DiMaggio with 1,537.

Three of Baltimore's runs for the day resulted from a pair of home runs by All-Star third baseman George Kell, a bases empty drive in the first inning and a three-run blow in the third. Kell also connected for a pair of singles in the afterpiece.

Three more of Boston's All-Stars, Frank Sullivan, Mickey Vernon and Jim Piersall, also starred.

Sullivan, the tall righthander, posted his eighth victory and first shutout of the season with a six-hitter in the opener.

Vernon drove in three runs in two games with a pair of singles and Piersall contributed a double and two singles in the first game.

Billy Goodman drove in three runs in the nightcap.

## Toothman Peps Chiefs In Two Wins

SIOUX CITY, Ia. (AP)—Dick Stuart slammed his 46th home run of the season during a five-run, seventh-inning spree as the Lincoln Chiefs defeated Sioux City, 10-2, in the second game of a doubleheader Sunday night. The Chiefs won the opener, 7-3.

Stuart's home run drove starter Bob Clear from the mound and climaxed an inning in which Sam Miley and Kenny Toothman also homered.

Toothman had a fourth-inning smash, too, behind Al Stringer's single for the Chiefs' first two runs. In the five-run seventh, in addition to the three homers, the Chiefs benefited from singles by Howie Goss and Myron Hoffman and a double by Marcos Cobos.

They got three in the eighth off Junior Norris and Gary Underhill on a walk, doubles by Hoffman and Toothman and Stuart's triple.

Toothman had a total of eight RBI's in the doubleheader. He hit three home runs, a double and a single, and stole two bases as well.

The Soos scored one in the fourth when Jim McArdle singled and eventually scored on Stringer's error. The other was in the seventh as Rocky Brown lived on Goss' error and came home on Ken Landenberger's double.

Four unearned runs in the fifth spelled out the first-game victory for the Chiefs.

A throwing error by Art Burnett on Howie Goss' roller to start the inning, opened the gates for a decisive surge. Marcos Cobos singled Goss to third and he then crossed as Dom Rosello grounded into a double play for what should have been an inning-ending out. Then Don Urquhart walked Sam Miley and Al Stringer and Kenny Toothman looped a windblown homer over the cozy right field fence.

**Lincoln had scored one in the third on Cobos' double and Miley's single. The Chiefs picked up their last two in the sixth on one-baggers by Don Rowe, Goss and Miley, a walk and an error by Bob Crain.**

All of Sioux City's scoring was done on bases-empty home runs, by Burnett in the first and Rocky Brown in the third and fifth.

The teams meet in a double-header Monday night, the first game of which is a first-half makeup affair and the result is credited to the holdover standings. Rogers Fister (1-9) and Dick Atkinson (6-6) will pitch for the Soos, while Lincoln probably will employ the league-leading pitcher, Bennie Daniels (8-0) in one game with Rowe (9-4) working the other. Rowe filled in as a left-fielder Sunday night because Reggie Grenald hurt a finger on a line drive in Saturday's game with Topeka at Lincoln.

## Mick's Knee Big All-Star Tilt Puzzle

By SAM FOGG

WASHINGTON (INS) — Baseball shunted politics to the Washington sidelines Sunday as the top talent of the American and National Leagues gathered for the 23rd annual All-Star contest at Griffith Stadium Tuesday.

A sell-out crowd of more than 30,000 is assured for the classic and for the next few days at least, the state of Mickey Mantle's health, not President Eisenhower's will be the burning question in the nation's capital.

Mantle's gimpy leg which he twisted last week has kept the American League slugger from action for the last four New York Yankee games and there is no assurance he will be available for anything other than pinch hitting duty Tuesday.

**Mantle brightened American League hopes Sunday when he returned to the New York Yankee lineup in their 8 to 2 victory over the Washington Senators.**

The blonde powerhouse retired after four and a half innings of play but in that time, he singled and reached first on an error in three trips to the plate.

**Favored Leg**

He seemed to favor the injured leg but there was no pronounced limp apparent. A clubhouse spokesman said he left the game mainly because the elastic bandage on his knee was tightening.

Mantle told newsmen after the game: "The knee feels pretty good but the bandage is a little tight."

**Stengel remained non-committal on whether his outfield star will see service in the All-Star contest.**

Loss of Mantle from the line-up would be a tremendous blow to the hopes of the American Leaguers who are already 13 to 10 underdogs. It would cost them their leading home run threat and their leading hitter.

Even with Mantle on hand, the baseball experts believe the American League would be outgunned by a power-packed National League array of stars.

National Manager Walt Alston of the Brooklyn Dodgers was given an opening line-up by the fans that will feature the home run potential of Pittsburgh's Dale Long, the Cincinnati long ball trio of Gus Bell, Frank Robinson and Ed Bailey and for good measure, St. Louis Star Stan Musial who has just been voted "Player of the Decade."

On the bench, Alston is just as powerfully blessed. In reserve, he has Cincinnati's Ted Kluszewski, Chicago's Ernie Banks, Brooklyn's Duke Snider and fabulous Willie Mays of the New York Giants.

**In contrast, American League Manager Casey Stengel can counter with an injured Mantle, a slumping Yogi Berra and veteran Ted Williams who has recovered from a leg injury himself.**

# Indians Massacre Kansas City

## Big Inning Figures In 17-3 Score

KANSAS CITY (AP) — The Cleveland Indians exploded an 11 run seventh inning on the Kansas City Athletics Sunday and racked up a 17-3 victory to win their series, two games to one.

Jim Busby hit a three-run homer for the Indians in the sixth and Bob Lemon smacked a pinch two-run homer in the eighth.

Early Wynn worked seven innings against the A's for his 10th triumph against four losses. Lemon came in to pitch after his pinch-hitting appearance and gave up one run, a homer by Gus Zernial, in hurling the eighth and ninth.

The Athletics took a 2-0 lead against Wynn in the first two innings and Jack McMahan, a rookie southpaw, stopped the Tribe on one hit through the fifth.

McMahan began to lose his touch in the sixth and after giving up singles to Gene Woodling and Al Rosen, he was bombed for Busby's three-run homer. Another tally crossed on an error and two singles.

The Indians' big seventh was fashioned on five walks, four singles and three doubles. McMahan was on the mound when the inning started and was followed by Tom LaSorda, Jack Crimian and Jose Santiago.

Lemon's eighth-inning homer, which came with Chico Carrasquel aboard, concluded the Cleveland scoring.

## PCC Raps California And USC

SAN FRANCISCO (AP)—The Pacific Coast Conference Sunday slapped penalties on both the University of California and the University of Southern California for illegal financial aid to athletes and placed both schools on probation.

California was hit with the largest direct fine ever levied against a PCC institution, $25,000, and placed on a year's probation. USC went on probation two years and will be ineligible to play in the Rose Bowl football game or share in its receipts during that time.

That, in effect, constitutes an indirect fine of approximately $53,400, since the receipts to PCC schools from the Jan. 1 game have been about $26,600 per year.

**Join Washington, UCLA**

California and USC join Washington and UCLA on the probation list. The Huskies were set down for two years and the Uclans for three in conference action in May. The cases involved "slush fund" or "under-the-table" payments to football players.

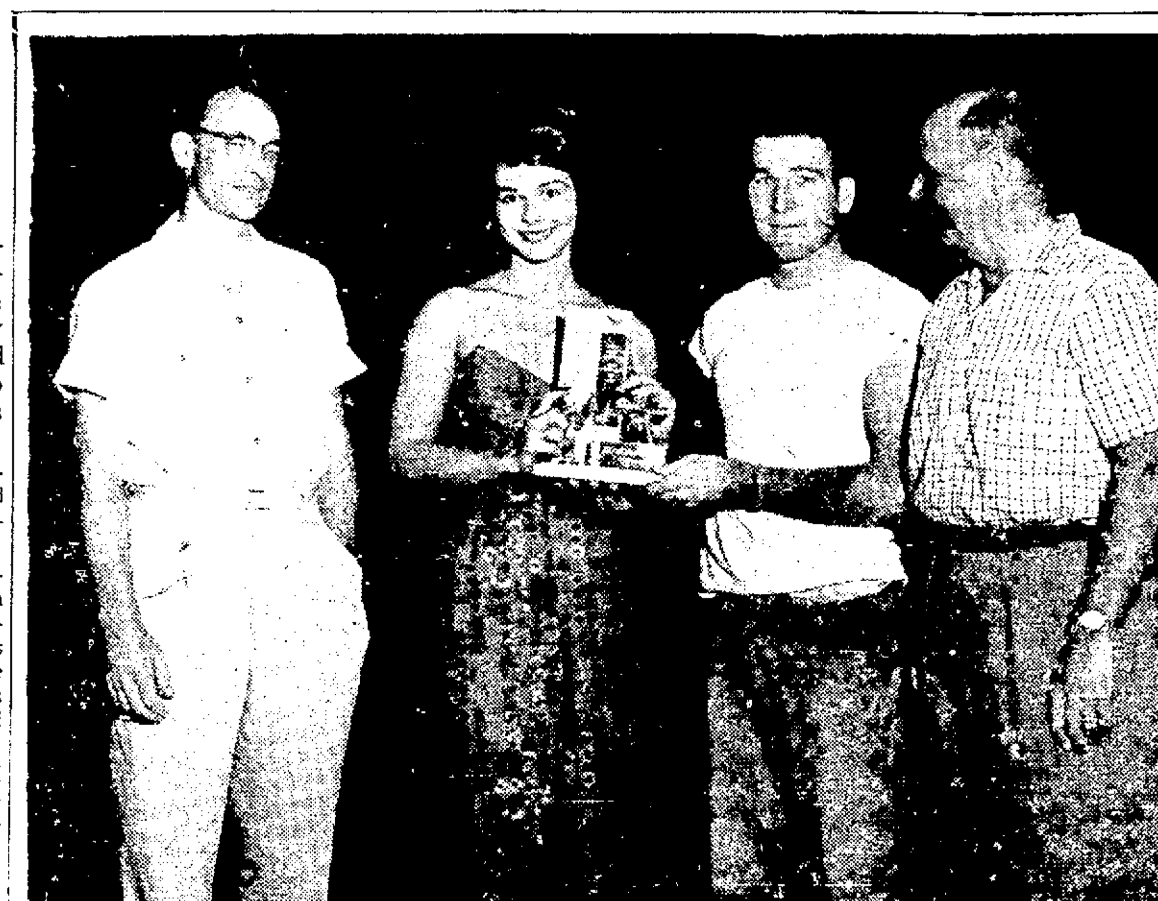

Southern California was fined an additional $10,000 for denying conference Commissioner Victor O. Schmidt information about payments to athletes.

The penalties were assessed for illegal payments to about 42 at USC and 29 at California.

## Central City Gets 15th Victory, 11-2

## Capital City Golf Has Tourney Touch

There was a tournament touch to the local golf scene over the weekend as hundreds of swingers took advantage of the ideal weather to get in a lot of swinging.

At the Lincoln Country Club Pete Elliott, Nebraska football coach, emerged the 1956 champion as the club's annual tourney wound up.

Sand-greens players at Park Valley moved through semifinal action in that course's tournament.

And on every local course there was emphasis on polishing up the game for the state tournament which is slated for LCC this week.

**Lincoln Country Club**

Pete Elliott edged Bill Rolfsmeyer, 1 up, to win the club championship. Elliott was only two over par and Rolfsmeyer six over in their tough duel. Other winners included:

First flight—Paul Hyland defeated Don North, 3 and 2.
Second Flight—Burt Folsom defeated Bill Murrell, 1 up.
Third Flight—Ward Simpson defeated Dr. N. R. Miller, 2 and 1.
Fourth Flight—Bill Wiese defeated Art Wilson, 3 and 2, while Glenn Baldwin defeated Wardner Scott, 1 up, in the semi finals. Wiese defeated Baldwin, 3 and 2, to win the title.
Nine-Hole—Walter Wilson defeated Tom Sweeney, 1 up.

**Park Valley**

Paul Austin and Lew Sheary moved into the finals of the Park Valley tournament with championship flight wins Sunday.

Championship Flight—Paul Austin defeated Jim Burke, 4 and 3; Lew Sheary defeated Phil Breitfelder, 2 and 1.
First Flight—Don Wilson defeated Dick Brandt, 1 up on 19.
Second Flight—Dave Bauer defeated Ralph Hall, 8 and 7; Wally Barnett defeated Jim Haberlan, 2 up.
Third Flight—W. R. Lien defeated Ben Husbands, 4 and 2; Larry Rakow defeated R. G. Burdsal, 2 up.
Fourth Flight—John Reis defeated Steve Brehm, 1 up; Bill Stockfeld defeated Milton Wuster, 5 and 3.
Fifth Flight—Russell Peters defeated Don Houy, 2 and 1; Darrell Minchow defeated Jere Carey, 2 and 1.
Sixth Flight—Lynn Knickerbocker defeated Ken Darby, 2 and 1; Robert Morgan defeated E. C. Hansen, 4 and 3.
Seventh Flight—Byron Johnson defeated Bob Shields, 5 and 4; Dick Buckley won by default from M. C. Bush.
Eighth Flight—Jerry Rohren defeated Chuck Renter, 1 up; Paul Vercio defeated Charles Jackson, 7 and 6.
Ninth Flight—E. Heinrick defeated Erwin Rung, 2 up; Robert Harrington defeated Wallace Schultze, 5 and 3.
Tenth Flight — Clark Merritt defeated Jerry Schrepf; John Delos Jr., defeated ReVoe Hill Jr., 8 and 6.

**Pioneers**

Some 500 golfers took advantage of the Pioneers' links Saturday and Sunday.

Gary Gruenemeier's 72 was the low score for the weekend. Other Pioneers marks were Joe Stefkovich, 73; Fred May, Erv Peterson, Joe Gifford and Jerry Greenhaw, 74; Phil White, 75, and Vern Vogt, 78.

**Hillcrest**

Gene Chadwell and Whitey Reed, Hilcrest veterans, both fired 73s at Hillcrest over the weekend as they made final preparations for the state tourney.

Chadwell recorded his 73 Sunday to give him a two-day total of 149.

Other low scorers were John Ball 73, Stan Stroh 76, Dick Gilien 76, Ed Smith 77, Dick Spomer 77, and Ed Smith 78.

In Saturday's sweepstakes action, John Ball and Rod Dudley tied for first, while Bob McVicker was third. Verne Walker won the Sunday Sweepstakes, with Bernie Anderson finishing second.

## Tigers Blast Sox' All-Star Hurling Duo

CHICAGO (AP)—Detroit's revived Tigers pounced on All-Star pitchers Jim Wilson and Billy Pierce with open claws Sunday, rattling out 36 hits and sweeping a doubleheader from the Chicago White Sox 17-5 and 8-6.

The double victory vaulted Detroit into fifth place in the American League past Baltimore, which lost a pair to Boston.

## Sanders Gets Canadian Golf Crown

POINTE CLAIRE, Que. (AP) — Doug Sanders, 22-year-old amateur from Miami Beach, Fla., Sunday won the Canadian Open golf championship in a playoff with Dow Finsterwald of Bedford Heights, Ohio.

It was the first time an amateur won the Canadian Open.

The sudden-death playoff ended on the first hole the young insurance salesman and the pro golfer played. The extra play was started at Beaconsfield's 16th.

## KNOW YOUR GOLF

By TOMMY ARMOUR

Something that wrecks many iron shots is a grip that allows the club to twist or come loose some othe way. This risk seems to be specially great because of the instinctive fear that there's going to be a shock when the iron club hits the ground. Your grip—again I remind you—should be primarily in the fingers. If your club gets too much into the palms of your hands, you'll clutch it so you'll not be able to whip it through the ball, and your hold on the club probably will be jarred or twisted loose when the toe of the club hits the ball or the sole of the club strikes turf.

## Yankees Slug Senators, 8-2; Mantle In Lineup

WASHINGTON (AP) — Injured Mickey Mantle got back into the New York Yankees' lineup for four innings Sunday, rapped a single and scored a run as other Yanks poled the home runs to trounce Washington 8-2 and give the American League leaders a sweep of their three-game set with the Senators.

Hank Bauer slammed two homers, his 17th and 18th of the season. Gil McDougald, extending his torrid batting streak, and Bill Skowron, also each hit one as the Yanks rolled up eight runs against Washington for the third straight game.

A crowd of 14,975, second highest of the season for Griffith Stadium, turned out on the chance Mantle might play after sitting out the last four games with a sprained right knee. Manager Casey Stengel yielded to the 24-year-old center fielder's urging and let him start to the roaring delight of the fans.

Mantle retired after four innings. His ability to go that long raised hopes that the Yanks' brilliant home-run hitter will be fit for the major league All-Star game in Griffith Stadium on Tuesday.

While playing, Mantle reached first safely on third baseman Eddie Yost's bad throw in the first, galloped to third on Yogi Berra's double and scored when Ed FitzGerald let through one of Chuck Stobbs' pitches.

# Heavies Pat McCurtry Machen Get Tough Tests

By JACK HAND
The Associated Press

Boxing fans will know a great deal more about Eddie Machen and Pat McMurtry, two unbeaten West Coast heavyweights, after the youngsters meet important tests on this week's boxing program.

Machen, winner of 14 straight, boxes Nino Valdes, the giant Cuban, in a rematch Wednesday at Coral Gables, Fla., to try to prove his first victory over the Cuban, April 16 at San Francisco, was no fluke.

McMurtry, who has been held to one draw while winning all other bouts in his short career, takes on Ezzard Charles, the former heavyweight champion, Friday at Tacoma, Wash. It is the most important bout for McMurtry since the youngster from Tacoma, turned pro.

Rocky Castellani of Cleveland, once the leading middleweight challenger, meets Joey Giambra of Buffalo, N. Y., another contender for Ray Robinson's crown, Friday in the Madison Square Garden feature. Giambra has won all three starts this year since his discharge from the Army while Castellani was upset by Gene Fullmer but came back to whip John L. Sullivan, who lost twice to Giambra.

Middleweights also top the Monday show at St. Nicholas Arena where Willie Troy, Washington, D. C., puncher, takes on rugged Jerry Luedee of Washington. Troy has mixed with the best, beating Bobby Dykes in his last outing. Last year he ran into rough going and was stopped by Floyd Patterson and Chuck Spieser while mixing with heavier men. He did fight a draw with Willie Pastrano, now a ranked heavy.

Wilf Greaves, the New Edmonton middleweight managed by Jake Mintz, boxes Al Andrews of Superior, Wis., at Forbes Field Monday in Pittsburgh's first outdoor show of the season.

Ralph Dupas, highly ranked lightweight contender, is matched with Kenny Lane of Muskegon, Mich. in Dupas' home town of New Orleans Monday.

The Troy-Luedee scrap will be seen on television, Dumont, in some sections of the country. The Valdes-Machen bout will get network, ABC, radio and TV coverage. So will Castellani-Giambra on NBC.

## Optimists Defeat GI Club, 13-8

The Lincoln Optimists continued their winning ways here Sunday, defeating Grand Island Fairacres, 13-8, in an American Legion contest at the Antelope diamond.

It was the Lincoln crew's 13th win in 14 outings this season.

George Fenger's Optimists jumped to a 2-0 lead in the second frame, and then exploded for six runs in the fourth and five in the fifth to sew up the game.

Harold Kelly shutout the visitors during the first three frames, but was tagged for three tallies in the fourth. Bob Gettman took over in the fourth and, although touched for a trio of runs in the fifth and a pair in the sixth, hung on to claim the win.

Porky Oltman was the heavy stick man for the Optimists, getting four hits in four trips, including a home run. Jan Wall also homered for the Lincoln club.

Kelly and Gettman limited the Fairacres team to six hits, half the number of base raps collected by the Optimists.

# Public Links Championship Opens Today

By JACK STEVENSON

SAN FRANCISCO (AP)—Just how tough will the Harding Memorial Park golf course be for the 150 amateurs teeing off today in the 31st Public Links championships?

Ask the two former champions in the field and you'll get different answers.

Andy Szwedko of Sharpsburg, Pa., Publinx winner in 1939 and competitor in 18 of the annual events, declared:

"This course is rough and tough."

That was after he finished a practice round with a 74 on the par 36-36—72 Harding layout.

### Doesn't Agree

Defending champion Sam Kocsis of Detroit doesn't entirely agree and says the Indianapolis site of the 1955 tournament was a sterner test.

"The rough isn't as bad here," he asserted. "That means there's no penalty for a bad drive. A man can spray a few tee shots and still get a birdie or par. If you hit a bad shot at Indianapolis, you were penalized."

Hazards at Harding include thick cypress trees and the waters of Lake Merced that could be a factor on six holes of the back nine. The course officially measures 6,683 yards, but head greenskeeper Jack Ring says it will play longer than 6,800 yards with the tee blocks well back.

### Opionions Varied

Opinions varied on what score it will take to qualify for the 64 match play spots Wednesday. Some players believe a pair of 77s will do the job in the qualifying medal play today and Tuesday. Others think it will take slightly lower scores.

Alternates waiting to replace sectional qualifiers had they failed to show up were disappointed. All of the 150-man field had checked in.

Among the left-out alternates was 1954 champion Gene Andrews of Los Angeles.

The qualifying medal play of the next two days also will decide the team championship, won by Miami, Fla., last year. The Florida delegation of David Onstad, Charlie James and Dick Huff Jr., expressed confidence they would successfully defend the title. James fired a 69 in one practice round.

## Madison Gets State's Horse Race Spotlight

MADISON—Officials at Madison Downs are rapidly completing preparations to entertain a large crowd Tuesday afternoon for the opening of the annual meeting at this half-mile course.

Feature races on the Tuesday program are the "Inaugural Handicap" and a 6-furlong Allowance. The Handicap is a 5½-furlong event and indications are that a full field of 8 will be nominated for this event.

Officials returning to Madison Downs this year are Ralph Boomer, state steward, Linus Pierce, steward, "Tommy" Tomlinson, steward subbing for John L. Watkins, who is temporarily incapacitated by illness, Ralph Stubbs, racing secretary, James E. Wallace, padlock judge; John DeBoer and Norman Sorenson, patrol judges.

Horses are shipping to Madison Downs in numbers and with the close of the Ak-Sar-Ben meeting every available stall will be occupied.

Post time is at 3 p.m. Daily Double windows will be open at 2 p.m., and will close 10 minutes before post time for the first race.

## White Sox Buy Vet Jim McDonald

CHICAGO (INS)—The Chicago White Sox, in need of relief pitching, purchased veteran right hander Jim McDonald Sunday from the Vancouver club of the Pacific Coast League.

The 29-year-old McDonald who broke into the majors with the Boston Red Sox in 1950, has a 4 and 5 mark with the Canadian team this season.

McDonald had his best season in the majors in 1953 when he posted a 9 and 7 mark with the New York Yankees.

To make room for McDonald, the Sox have announced they are asking waivers on 33-year-old southpaw Howie Pollet.

At the same time, the Sox reassigned right hander Bill Fischer from the Toronto club of the International League to Vancouver as a replacement for McDonald.

## Krivonossov Adds 10 Feet To Record

LONDON (INS) — The Soviet News Agency Tass said Sunday that Russian athlete Mikhail Krivonossov has added nearly ten feet to his officially-recognized world's hammer throw record.

Tass said Krivonossov hurled the 16-pound hammer 217 feet 7 and two-thirds inches Sunday in a meet at Minsk. Krivonossov set the current world standard of 207 feet 9 and three-quarters inches two years ago at Berne, Switzerland.

## Marquette Back Says Charges 'Misquote'

MILWAUKEE (INS) — A 20-year-old Marquette University halfback claims he was "misquoted" and denied a published report he had quit the football team in disgust over alleged "too rigorous spring practice" called by Coach Johnny Druze.

The football player, Jasper Laudacina, of Rockford, Ill., also denied that he planned to transfer to the University of Wisconsin. He will be a sophomore in September and eligible for the Marquette varsity.

Laudacina denied he had said that Coach Druze had ordered 30 days of spring practice instead of the maximum 20 days allowed under NCAA rules.

Marquette authorities, headed by Athletic Director Larry (Moon) Mullins, had denied the player's charges.

6.1¢ Extra Value Per Gallon At No Extra Cost

**It's a pleasure to be "wrong" when customers write in to tell us of getting faster results—and greater benefits—than we promised from our new gum-dissolving Keotane formula.**

Because we did not want to lead you to expect magical results from the first tankful of Skelly Supreme Gasoline, we said most cars would take 1,000 to 3,000 miles to reach peak results from Keotane.

But we couldn't possibly test Keotane in all makes and models of cars under all driving conditions, as our customers are doing every day.

And it's a real pleasure to have them tell us that we delivered more than we promised. Here are some typical customer "quotes":

**"Have now run over three tankfuls through my car. The first mileage check showed 12.2 miles per gallon in city driving, the second showed 14.5—and at the third check I was getting 17.9 miles per gallon. I felt I should write you about it."**
**—Montana customer.**

**"My 1956 Buick had 'gooped up' and I was ready to take it to the shop. I decided to try your Keotane for two tankfuls. The first tank didn't do much, but by the end of the second that Buick almost jumped out from under me. My mileage was 14.7—about two miles better than before."**
**—Kansas customer.**

**"I was getting 11.2 miles per gallon with my 1955 Oldsmobile, but after using Keotane for over 1,300 miles I was getting 13.4 miles per gallon—an increase of over 19%."—Missouri customer.**

**Can You Expect These Same Results?**

If your car's engine is badly "carboned up," or if you mix some high-way driving in with normal driving, perhaps you will notice a remarkable improvement in mileage, power, and smoothness in less than 1,000 miles of driving with Skelly Supreme with Keotane.

But, in spite of the fact many motorists are quickly getting 8c and 9c extra value per gallon, we prefer to have you expect only 6.1c extra value per gallon.

And, based on final dynamometer tests, these are the average benefits you can expect from Keotane:

**12.7% gain in mileage**

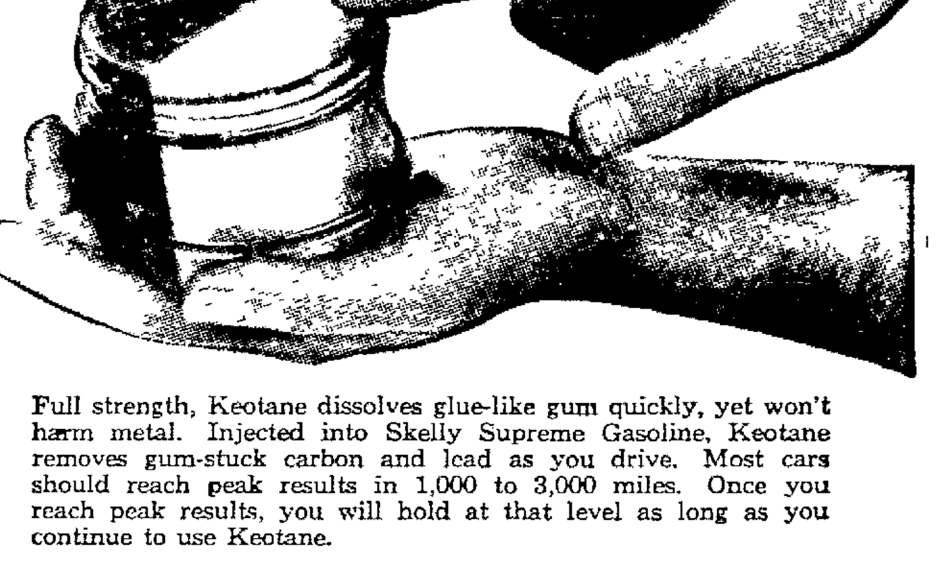

**The performance effect of 3 more octane points**

**14.6% more horsepower output**

Remember, these are the *average* increases we believe you can expect. These are not "up to" or "as much as" claims. These and other benefits (see chart) add up to over 6c extra value per gallon at no extra cost.

If you do get bigger benefits—or get them faster—you, too, will be getting more than we promised. And that's the way we like it.

So see your Skellyman for your next tankful of gasoline, and find out what Skelly Supreme with Keotane can do for *your* car.

Full strength, Keotane dissolves glue-like gum quickly, yet won't harm metal. Injected into Skelly Supreme Gasoline, Keotane removes gum-stuck carbon and lead as you drive. Most cars should reach peak results in 1,000 to 3,000 miles. Once you reach peak results, you will hold at that level as long as you continue to use Keotane.

**Estimated Extra Value Per Gallon To You, Of Skelly Supreme Gasoline With Keotane:**
(Based on average current premium gasoline prices in the Midwest)

| | |
|---|---|
| 12.7% average gain in mileage | 3.8c |
| 3 octane points extra performance effect | 1.0c |
| 14.6% more horsepower output (h.p. saved or added) | .8c |
| Less gum and cleaner carburetors, faster starts with fewer sputters, longer life for batteries | .5c |
| Estimated extra value per gallon to you | 6.1c |

The extra values shown above are conservative estimates by our engineers. These extra values are not figured against inferior premium gasolines or regular grade gasolines, but against Skelly Supreme Gasoline, the best top-octane premium gasoline previously made

6.1¢ makes other premium gasoline expensive to use;
6.1¢ makes any regular gasoline expensive to use;
6.1¢ makes any "cut-rate" gasoline expensive to use.

# Losses Snowball As Steel Strike In 2nd Week

PITTSBURGH (AP)—Some 650,000 steel workers and an estimated 50,000 in allied industries watched the steel strike drone into its second week Sunday with economy losses snowballing across the nation.

The steel strike cost the nation about 250 million dollars last week, Steel magazine pointed out. With more furloughs and layoffs anticipated, the figure will climb sharply.

Early layoffs first hit the railroads and the freight trucking industries. Next Tuesday the coal industry will feel a staggering blow with the closing of captive—steel company owned—mines.

**Reduced Work**

In another development over the weekend it was disclosed the Pennsylvania Railroad had placed 7,000 nonunion employes on reduced work schedules for the duration of the steel strike.

Railroad officials declined to confirm the news that the economy move would result in a 10 per cent reduction in pay for each nonunion employe, but with thousands of employes affected the pay cut was general knowledge.

The move by the railroad is the second since the start of the strike. Last Monday the PRR announced the layoffs for more than 18,000 of its 105,000 employes because of the loss of its steel freight business.

The latest move means that each of the nonunion employes from President James M. Symes on down will get less pay under the two day-a-month layoff program.

**Some Steel Produced**

A few steel producers—some operating on a contract extension with the union and others who do not have contracts—with the United States Steel Workers continued to make steel last week.

But last week's production of steel for ingots and castings was 14 per cent of capacity. Before the strike the industry was operating at 93.5 per cent of capacity.

There was no early sign of settlement Further steel peace talks most likely will be announced by the government sometime this week. Negotiators for the USW and industry appear in no mood for early resumption of talks on their own.

# Ike Hints New Push On Aid Bill

GETTYSBURG, Pa. (AP) — President Eisenhower appeared ready Sunday to go to bat anew for his foreign aid program, threatened with a billion-dollar-plus cut in the House.

Meanwhile he continued to keep his own counsel on his second term plans, with press secretary James C. Hagerty refusing all comment on widespread speculation that the President has made up his mind to stay in the race.

The President, recuperating from his June 9 operation, spent a quiet Sunday in muggy, sometimes misty, weather at his Gettysburg farm.

**Any Comment?**

At the press center four miles away, Hagerty was asked whether there was any comment on the House Appropriations Committee's action in slashing Eisenhower's original $4,900,000,000 dollar request to $3,655,000,000.

"No," Hagerty replied, "not today."

He put heavy emphasis on the "today," a plain hint that Eisenhower—who previously agreed to go along with a cut to 4½ billion dollars—may have plenty to say later on the subject.

## NO JET SPEED FOR THIS GRACEFUL VESSEL

An unusual sight in this age of supersonic speed is the Portuguese naval barque "Segres." spreading sails as it leaves Torbay, England, heading for Lisbon in competition with 21 other "tall" sailing vessels. Sailors at the top of the mast still are unfurling the sails as the ship picks up speed. The crosses on the square sails are the Order of Christ, carried by Portuguese vessels since the days of Vasco da Gama. (AP Wirephoto.)

New Book Reveals—

# Churchill Was Against Invasion Of So. France

LONDON (Monday) (AP)—The Allied landings in the south of France during World War II were carried out on American insistence over the objections of Winston Churchill.

This was disclosed in an official British history of the war, "Grand Strategy, August 1943-September 1944," out Monday.

Churchill, the book says, felt it was a "major strategic and political error," to draw troops from the Italian front for the French operations known as Anvil. Allied troops based in Italy landed between Toulon and Cannes on Aug. 15, 1944, and within a month linked up with Gen. Eisenhower's main forces in the north.

The British history said that on July 1, 1944, Churchill sent this telegram to President Roosevelt:

**Winnie's Telegram**

"The splitting up of the campaign in the Mediterranean into two operations, neither of which can do anything decisive is, in my humble and respectful opinion, the first major strategic and political error for which we two have to be responsible.

"... What can I do, Mr. President, when your chiefs of staff insist on casting aside our Italian offensive campaign, with all its dazzling posibilities, relieving Hitler of all his anxieties in the Po Basin, and when we are to see the integral life of this campaign drained off into the Rhone Valley in the belief that it will in several months carry effective help to Eisenhower so far away in the north?

"If you still press upon us the directive of your chiefs of staff to withdraw so many of your forces from the Italian campaign and leave all our hopes there dashed to the ground, His Majesty's government, on advice of their chiefs of staff, must enter a solemn protest.

"I need scarcely say we shall do our best to make a success of anything that is undertaken ..."

**U.S. Suspicious**

Another section tells of American suspicions that Churchill was "entertaining designs for dragging them into the Balkans."

"This, he never contemplated doing," the book said. "He had merely hoped to be able to give adequate help to Tito in Yugoslavia and he had viewed the whole Mediterranean problem from a purely military point of view."

"Grand Strategy" was written by John Ehrman, fellow of Trinity College, Cambridge, with a staff of expert advisers who had access to British archives and captured enemy documents.

In an introduction, Ehrman emphasized that throughout the war there was "a fundamental and indestructible sense of unity" in the British-American alliance.

# Small Farm Irrigation 'Can Pay'

The use of irrigation can increase income on small farms and make the operator more indepeandent, reports T. S. Thorfinnson, U.S. Department of Agriculture land economist at the University of Nebraska.

The farmer can reach a level of more full employment on a small farm by making greater use of his land through irrigation.

These facts along with problems of adjusting to irrigation are outlined in a new bulletin "Adjusting To Irrigation In The Loup River Area In Nebraska" published by the University of Nebraska Experiment Station.

The bulletin points out that income on any farm will vary greatly over the years due to drought conditions, but an irrigation system will serve as insurance against extremely low income during dry years.

Use of irrigation may bring adjustments in crop - share leases, however. When irrigation is employed in this plan the tenant probably will furnish more labor, most of the added operating expenses, and the mobile equipment.

It is expected that the landlord will supply the capital for permanent improvements for irrigation such as land leveling. The income change may see the landlords share of the grain crop increase from one-tuird to two-fifths but he will continue to receive one-half of the hay crop. Costs of fertilizer, spray materials, and water usually are shared in the same proportion as the costs of production.

Irrigated land probably can best be used for a rotation of corn, oats, and alfalfa and, possibly, some sugar beets and potatoes. The livestock enterprise will be dominated by beef cattle and hogs while dairy and poultry probably will play a minor role on irrigated farms.

The study of irrigated farms was made in the Middle Loup River Valley of Nebraska where silt loam and very fine sandy loam soils are dominant. The material was compiled by Thorfinnson, H. W. Ottoson, now head of the University's Department of Agricultural Economics and Karl Gertel and J. W. Thomas, USDA economists stationed at Lincoln when the study was made.

## Elks Get Official Welcome; 15,000 Meet In Chicago

CHICAGO (INS)—Illinois Governor William G. Stratton and Mayor Richard J. Daley extended welcomes Sunday to delegates of the Benevolent and Protective Order of Elks, who opened their national convention in Chicago.

Daley, who is an Elk, congratulated the organization on what he called its "deep feeling in the brotherhood of man."

Some 15,000 Elks and their wives are expected for the five-day convention at the Conrad Hilton Hotel.

## Prettiest Ankles Picked—Belong To 81-Year-Old

HEREFORD, England (AP)—The judge, Dr. Cyril Francis, studied 24 pairs of trim ankles that twinkled beneath a theater curtain in an ankle-judging contest.

"That's the prettiest pair," he finally announced, "ring up the curtain and let's see who owns them."

The curtain went all the way up revealing 24 smiling females ranging upward in age from 19. The winning pair of ankles belonged to Mrs. Gertrude Pritchard—age 81.

## Reds To Film Marilyn's New Hubby's Play

BERLIN (AP) — East Germany's Communist party newspaper said Sunday Arthur Miller's play "The Crucible" will be turned into a motion picture by a French-East German team.

The paper, Neues Deutschland, said the movie script has been written by French existentialist author Jean-Paul Sartre. The play which had a mildly successful run on Broadway in 1953, is set amid the witchcraft trials in Salem, Mass., in 1692 and dealt with conflicting passions and prejudices of mob hysteria.

Neues Deutschland said studio shots for the movie will be made under direction of Raymond Rouleau in Paris and East Berlin.

Arthur Miller, reached at Roxbury, Conn., where he is honeymooning with his actress wife, Marilyn Monroe, said Sunday he knew nothing about any East German connection with the motion picture production of "The Crucible."

"I'll have to look into it," he said. "I know nothing about it."

OSCEOLA, Neb. (AP) — Elmer Horst's friends played "good neighbor" for a second time when they cultivated his corn.

Horst has been ill and unable to work in the field.

Of the 24 men taking part in the cultivating bee, seven of them were Wieseman's — Bud, Bub, Larry, Fred, Carl, Jack and Bob—all relatives of the ill man.

# Norwegians, Swedes To Join Antarctic Expedition—Soviets

LENINGRAD, U.S.S.R. (AP)—Capt. Ivan Man, commander of the flagship of the Soviet antarctic expedition, said Sunday the Soviet Union will jointly explore the North Pole area with Sweden and Norway.

Capt. Man said the Soviet and U.S. antarctic expeditions had agreed to exchange scientific observers between Little America and Mirny, the Soviet station in the antarctic, as part of the program of international scientific cooperation at the bottom of the world.

The captain and A. A. Bukhanov, deputy minister of Soviet merchant marine, stressed Soviet cooperation with the West in scientific research in the future.

**Ob Welcomed**

Bukhanov welcomed the Soviet icebreaker Ob as it returned to this old imperial city from the expedition to the antarctic.

Man told reporters the Ob's new voyage would start Aug. 1. He said the ship would take aboard Norwegian and Swedish scientists at Stockholm, pick up the lonely group of Russian scientists floating on Soviet North Pole Station No. 5 and return to Stockholm by the end of September.

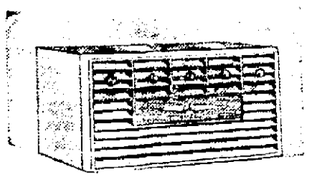

In Oslo, Prof. H. U. Sverdrup, head of the Norwegian Polar Institute, said Norway has received no formal invitation from the Russians. He said it had been hinted two Norwegian scientists might be invited during an international scientific conference in Stockholm in May.

## Stromsburg To Get Temporary Minister

STROMSBURG, Neb. (AP) — Roger Jackson, a seminarian from Chicago, will serve the Evangelical Free Church of Stromsburg during the summer months.

Clothes make the man but it's the lapel that makes the delegate.

It's one of the twisting points in history when the delegate stacks his credentials, assembles his instructions and marches proudly off the end of the party wharf.

Bugs Baer

Back homewards he may be the butcher, the baker or the candlestick maker. But in Chicago and San Francisco he will pack more color than the handle of a paint brush.

He is staffed by an alternate and a proxy in case he is incapacitated by the backlash of authority or gets an impediment in his nod.

And like the handle of a paint brush he will be instrumental in adjusting the complexion of civilization, fixing the tint of prosperity and blending the future of liberty, science and impartiality. Without getting any on himself.

The delegate is bannered by badges and starred with buttons. There's a placard in his hat band and an emblem on his necktie. He's an important man when he is walking toward you.

## It Doesn't Pay

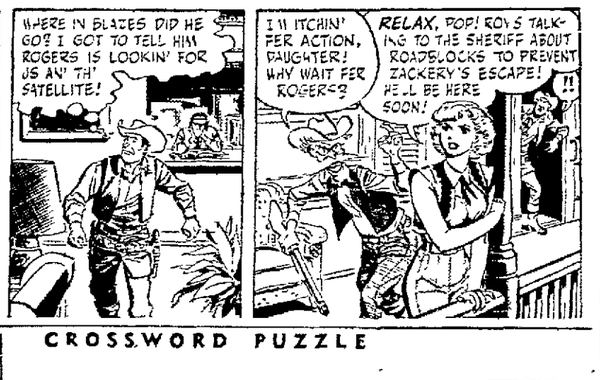

FORT WORTH, Tex. (AP)—Railroad special agent L. R. Troxell had no trouble tracking down four men who broke into a boxcar and stole a number of straw hats. The floor of the boxcar was covered with white lime. Troxell just followed the white footprints in a nearby hobo jungle and arrested four men wearing new straw hats.

## Pity The Taxpayer

ROANOKE, Va. (AP)—A 9-year-old boy committed to the Roanoke Juvenile Detention Home couldn't understand why he was given two bed sheets. He regarded one as acceptable, two as extravagant. "Who pays for this?" he wanted to know. "The taxpayers," he was told. "A top sheet is a waste of the taxpayers' money," the youth insisted.

## BAERING DOWN ON THE NEWS By Arthur 'Bugs' Baer

## DAILY CRYPTOQUOTE

Here's How To Work It

A X Y D L B A A X R X B M L O N G F E L L O W

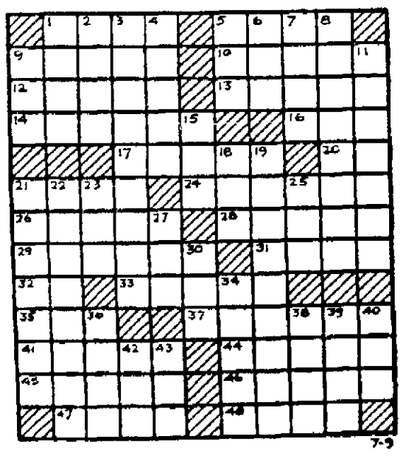

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

Here's a puzzle! It's a game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.
